

CORN SHOW AND ARTS EXHIBIT, NOVEMBER 11th, 12th AND 13th—COME!

THE WEATHER.

Fair Tuesday and Wednesday.

VOL. XXIII—NO. 37.

WILMINGTON, N. C., TUESDAY MORNING, NOVEMBER 4, 1913.

WHOLE NUMBER 13,472.

HUERTA IS ORDERED TO RESIGN PRESIDENCY

Ultimatum From Washington Conveyed to Him by the U. S. Charge d'Affaires.

HE HAS MADE NO ANSWER

White House Officials Neither Confirm Nor Deny Reports—Wilson and Bryan Both Confident of Peaceful Settlement.

Mexico City, Nov. 3.—President Huerta has been told he must resign the Presidency of Mexico without loss of time and that he must not leave as his successor Gen. Aureliano Blanes, his minister of war, or any other member of his official family or of the unofficial coterie whom he might be expected to control. This ultimatum from Washington was conveyed to President Huerta through his private secretary Senor Rago by Nelson O'Shaughnessy, the American charge d'affaires, acting under instructions from the State Department.

Senor Rago presented the memorandum to his chief late Sunday, but up to this evening President Huerta had returned no answer and as far as could be learned, had guarded his contents from almost all of his official and intimate advisers.

Those who learned of the Washington note regard Gen. Huerta's position as one in which he will be forced to give one of two answers—either point blank to comply with the demand, possibly going so far as to hand the diplomatic representative his passports, or the elimination of himself.

Has Two Moves. Those most intimate with the President insist that the later course will not be taken for many reasons, chief among which is that such action would be tantamount to submission to the rebels. Official Mexico is no longer in doubt that the Washington administration favors the rebel cause, and is convinced that this is the means adopted by President Wilson and Secretary Bryan to assist Carranza to win.

Gen. Huerta summoned to the National palace tonight the diplomatic corps, but for what purpose was not revealed. Three of the ministers, those of Germany, Norway and Russia, were absent. They have been in Vera Cruz where they were in conference with President Wilson's representative, John Lind, who is understood to be fully conversant with the latest representations from Washington.

Changes in the military situation throughout the country today included, according to reports, the advance of the rebels to attack Zacatecas, but the government believes that the garrison there is sufficiently strong to resist an attack successfully.

Queretaro, capital of the State of the same name, on the main line of the National Railway, south of San Luis Potosi, has been besieged by rebels and practically in a state of siege. North of San Luis Potosi, a new method of attack has been adopted by the rebels to prevent the retreating of the cards addressed to railroad employees have been posted notifying them they will be hanged if they attempt to run the trains. As a result the men are refusing to take them out.

Secrecy at Washington. Washington, Nov. 3.—White House officials tonight emphatically deny the report that the United States had communicated anew to the Huerta government its views concerning the necessity of Huerta's resignation. The report was based on the presentation of an ultimatum from this government were read to Secretary Bryan over the telephone late tonight. He manifested much interest, but said he would make no official comment.

All during the evening the Secretary had been expecting new developments and prepared to stay up late to receive dispatches. The night operator in the telegraph room of the State Department who usually leaves the key at midnight, was ordered to "work through the night."

News of the ultimatum had been expected in official circles, though unusual efforts had been made to keep secret the plans of the administration. Early in the evening an intimation was conveyed to Secretary Bryan by the Press that some announcement was expected in Mexico City. He acquainted President Wilson with that fact, but the President had retired when the news dispatches came and was not awakened.

No intimation had been received up to midnight by the State Department as to what the nature of Huerta's reply might be, and no news had been received officially that a meeting of the diplomats had been called for tonight. These developments were awaited with the keenest interest by officials here.

View Situation Calmly. The administration, which has been consistently endeavoring to work out its plans in the quiet realm of diplomacy, continued to insist that negotiations to compose the situation would be more effective if clothed with secrecy.

Outwardly American officials view the situation calmly, and some of them express a feeling of optimism over the future. It was evident from a canvass of administration officials that published stories predicting armed intervention were not justified at this time. Persons close to the White House declared that both President Wilson and Secretary Bryan were still hopeful that their policy of moral suasion would succeed and added that any assumption that plans for intervention were being laid was unwarranted.

So far as the plans of the administration (Continued on Page Eight.)

START HARVESTER TRUST ARGUMENT

Prosecuting Attorney Declares That Two Families Will Control Entire Business

M'CORMICK AND DEERING

Both Men Are Willing to Use Their Great Power to Fix Prices and Intimidate Local Dealers to Crush Competition.

St. Paul, Minn., Nov. 3.—Edward P. Grosvenor, concluding the first portion of his final argument for the government in the suit to dissolve the International Harvester Company, this afternoon declared to judges of the United States District Court that unless the Harvester Trust is dissolved, two families will within a few years own a monopoly of every implement made in this country for the American farmer.

The special assistant to Attorney General McKendree specified Cyrus McCormick and James Deering, of Chicago, as the heads of these families and characterized them as "willing to use their great power to fix prices and intimidate local dealers, as means of crushing competition."

Then, with dotted maps of the agricultural States of this country, Mr. Grosvenor showed the location of 40,000 local agents of dealers, which he declared but a portion of the vast selling machinery dominated by the International Harvester Company. Through the medium of the general sales committee of the company, said Mr. Grosvenor, the local dealer is forced to accept the terms of the "trust" or be crushed. The local dealer, he also declared, was used to keep the corporation informed of competition.

Approve Monopoly Methods. "We have shown," argued Mr. Grosvenor, "by evidence which cannot be disputed, that Cyrus McCormick, James Deering and Harold F. McCormick, acting as members of this general sales committee, have approved of the monopoly methods of the company, and that they are the servants of the public."

FROM SILK BED TO COURT. Mrs. Henning Again Denies Knowing Clarence F. Funk. Chicago, Nov. 3.—Mrs. Josephine Henning, who was a sick bed today to deny again that she ever knew Clarence F. Funk, former general manager of the International Harvester Company.

In a cross examination of the trial of Attorney Daniel Donahoe and Isaac Stiefel, for conspiracy to defame Mr. Funk, she was asked to deny that she ever knew Clarence F. Funk, former general manager of the International Harvester Company.

CHANGE DAY OF PRAYER. From January First Until the Fifteenth of the National Crusade. Asbury Park, N. J., Nov. 3.—The National Day of Prayer observed by the Woman's Christian Temperance Union throughout the United States today was changed from January 1st to January 15th at the National convention of the Union in session here.

Mrs. Lillian N. Stevens, National president, today issued a proclamation calling for a National crusade to further the campaign for temperance throughout the world. In temperance throughout the world. In temperance throughout the world.

ARMY COMING SLOW. Strikers Want to Keep Guns and Ammunition. Trinidad, Colo., Nov. 3.—Continued activity by union leaders in an effort to collect all arms and ammunition in possession of the strikers, or an immediate order to the State troops to surround and search the tents at Ludlow, was the ultimatum delivered by Adjutant General John Chase to John R. Lawson, of the United Mine Workers of America today.

Lawson turned over a few more guns today but stated he was expecting much difficulty in inducing the miners to surrender the weapons. A driving snow storm kept militiamen, strikers and mine guards in their tents today.

BURTON TO LONDON. Represents America at International Maritime Conference for Safety. Washington, Nov. 3.—Senator Burton, of Ohio, appointed by President Wilson as one of the American representatives to the International Maritime Conference for safety at sea, to be held in London next week, took today the President today.

WASHINGTON, Nov. 3.—Nomination of former Senator Coville, of Missouri, as a member of the Army Board of Ordnance and Fortifications, was confirmed today. He succeeds William Warner.

POSSIBILITY OF A CAUCUS

Democratic Senators in Washington Speculating as to What Will Happen When Committee Re-convenes Tomorrow.

Washington, Nov. 3.—There was lively speculation among Senators generally today as to what would occur when the Senate committee resumed consideration of the administration bill on Wednesday.

The freedom with which Democratic Senators discussed the possibility of a caucus to ensure harmonious and early action led to the belief that such a plan might yet be adopted by the administration supporters in order to prevent radical changes in the bill by the committee.

Chairman Owen said after a conference at the White House that a report would be forthcoming in a few days. Senators Thomas and Overman also discussed the currency situation with the President.

"Wait till Wednesday," remarked Senator Overman as he left the executive offices.

The President is awaiting tomorrow's elections in New Jersey, Massachusetts and Maryland, and it is said, if they result in Democratic victories he will feel stimulated to urge with renewed vigor early action on the House bill.

In these States currency and other National issues have figured prominently.

The President made it plain today that he would stand by the bill as it passed the House and would not consent to any changes in fundamental features. He said he would launch any recommendations for anti-trust legislation until the currency bill was passed.

Evidence Is Like

Vaudeville Show

Kiev, Russia, Nov. 3.—"Vaudeville" is the term used today by the newspaper Kievsky Mysl in referring to testimony of Father Pranaitis, the priest from Turkestan, at the trial of Mendel Reissis. It adds that the priest has proved a "broken reed" for the prosecution.

Judge Boldreigh, president of the court, became impatient at today's hearing when Father Pranaitis continually replied "I don't know" to questions and was unable even to recite the texts of the Talmud and the Bible on which he based his denunciation of the Jews. The judge sharply demanded whether the witness could hear the questions put to him.

Father Pranaitis did not confine his charges to any particular sect of fanaticism, but declared that all Jews were concerned in ritual observances. After alluding to the significance of the number of the wounds and to the number of killing employed, Father Pranaitis said the object of ritual crimes was to hasten the arrival of the Messiah.

Then asked to produce the book containing the description of those practices, the priest replied that it was in "St. Petersburg."

Father Pranaitis related alleged Jewish rites, such as the stoning of thousands of Christian prisoners by Jews and similar horrors. That is, he said, the Jews are to warn him again to relate only verified facts.

Prof. Troitsky, who occupies the chair of Hebrew and Biblical archaeology in the St. Petersburg Ecclesiastical Academy, declared that the Mosaic law prohibited human sacrifices, although Jewish rites made mention of human sacrifices to Moloch. The Pious Kings of Israel and Judah did their utmost to suppress them. The Jewish religion, he said, has no prescription of the object of ritual murder. In his opinion there was nothing to show that the murder of Yushinsky was in any way connected with ritual murder.

Late in the evening while Prof. Kovkoff, a relative of the Russian premier, was testifying the foreman of the jury interrupted him with a question at issue was sufficiently clear, and that consequently it was needless to hear further detail theological evidence. The president of the court requested Prof. Kovkoff to curtail his testimony.

OUTLINES

The argument in the Harvester Trust case was commenced by the government yesterday.

The street car strike at Indianapolis is progressing very slowly. One man was shot and probably fatally hurt there yesterday.

Senators Martine and Williams took Senator Cummins to task because of his recent remarks in political speeches aimed at President Wilson and the Democratic administration in general.

The possibility of a caucus over the currency bill was freely talked by Senators Owen and Cummins. There is much speculation regarding what will happen when the committee reconvenes for business Wednesday.

Senators Martine and Williams confessed to the murder there last Spring of a girl, whose death has remained a mystery to the police. He implicated the girl in the murder. Both were arrested.

The elections to be pulled off today in a number of States are attracting much attention. A great fight has been put up by all three parties to come off victorious. The municipal election in New York City is leading to a close contest. Tammany and Fusion tickets are claiming victory by large majorities.

CARS REMAIN IDLE AT INDIANAPOLIS

Traction Companies Bring the Charge of Politics Preventing Police Protection.

WANT FRANCHISE ANNULLED

Prominent Lawyer Brings Suit as Taxpayer Asking That Receivers Be Appointed and the Annuling of City Franchise.

Indianapolis, Nov. 3.—The third day of the strike of employees of the Indianapolis Traction & Terminal Company ended tonight with no attempt to move the cars which have stood idle in the streets since late Friday night.

Charges that partisan politics has caused the police to give the traction company insufficient protection to run its cars were made by candidates for office at tomorrow's election.

An effort of Sheriff Porteus to swear in 200 citizen deputies resulted in a charge that he had summoned the men chiefly for the purpose of reducing their activities at the polls.

The strike situation was further complicated late in the afternoon when a suit for the annulment and forfeiture of the traction company's franchise and the appointment of a receiver for the company was filed in the Circuit Court.

The plaintiff is Attorney Albert C. Pearson. He sues as a taxpayer and alleges that the company by its failure to operate cars for the last three days has violated its franchise contract with the city. The summons in the suit was made returnable November 13th.

One Man Shot. After a day in which minor riots were reported Thomas Carlton, a chauffeur, was shot and fatally wounded while watching a crowd of sympathizers making an attack on the Louisville car barns where the strike-breakers are housed. Robert I. Todd, president of the Traction company; John J. Mahoney, superintendent, and Martin Hyland, superintendent of police, were bruised and forced to make a run for the terminal station, while wounded police forced the crowd back. Todd and Mahoney again were attacked while passing the State House building and forced to take refuge in a street car to escape a shower of bricks and stones thrown from the balconies of nearby buildings. The police rushed the State House lawn and made it possible for Todd and Mahoney to reach their offices.

Four of the policemen assigned to guard the strikebreakers in the cars, refused to mount the platform to protect the non-union men. Mr. Todd declared no further effort would be made to make the cars run. He said the men would have ample protection.

Charges of politics were entered after Sheriff Porteus had issued summons for 200 representative business and professional men for the purpose of making them deputies. Not more than 50 of the men answered the summons.

Twelve arrests were made during the day most of the prisoners being charged with inciting to riot and throwing stones. All the prisoners were taken from the crowds that flocked around the cars and threatened the strikebreakers.

Washington, Nov. 3.—Secretary Bryan and Ernest Bauman, charge of the Swiss legation, today signed a convention with Attorney General McKendree receiving the resignation of the Republican incumbents.

There is no doubt but W. C. Hammer will be given Attorney General's office and that Chas. A. Webb will be offered the place now held by Marshall Logan.

More or less opposition against Governor Glenn as Inter-State Commerce Commissioner, has developed here within the past few days. At the White House, however, it was said tonight that the President has no opinion of his mind and that Mr. Glenn "has an excellent chance of being appointed."

Unless the opposition can show good cause why Mr. Glenn should not be appointed, the Winston-Salem man will be given the place.

Secretary Josephus Daniels, Senator Stone, of Missouri, and Senator Dorrise Shackelford and Lloyd, both of the "Show-me-State" wired Governors Major and Hodges urging them to accept Governor Craig's invitation to work roads in North Carolina Wednesday and Thursday. Senator Stone and the Missouri Congressman are sure Governor Major will accept.

P. R. A. FOUR MILLIONS PROFIT. Western Railroad Report Shows Big Increase in Business.

Denver, Colo., Nov. 3.—The report of the Colorado & Southern Railroad for the fiscal year ending June 30, 1913, made public today, shows a gain of \$185,345 in new income over the preceding fiscal period.

The total operating revenue for 1913 was \$15,077,676. Operating expenses were \$10,622,961. The net operating revenues were \$4,454,715.

Adding other sources of revenue and deducting other expenses leaves a net corporate income of \$1,665,312 in 1913, compared with \$1,499,967 in 1912.

Twenty Cars Start. Race in Texas City Promises to Be Interesting.

El Paso, Texas, Nov. 3.—Twenty automobiles will start tomorrow in the first annual El Paso Phoenix road race over 157 miles of desert roads. The first car will leave El Paso at 5:40 A. M. and the others will follow at intervals of ten minutes each. The cars are expected to reach Phoenix Wednesday afternoon.

HAS CONFESSED TO MURDER

Texas Youth Tells of Vicious Deed. Implicates Fair Young Widow. in Killing of Girl—Latter Denies Knowledge.

Dallas, Texas, Nov. 3.—Mrs. Ellie M. Lake, held as an accessory to the murder of Miss Florence Brown, on the strength of assertions made by Meade Barr, who has confessed to the killing, issued a statement tonight, denying that she had any part in or knowledge of the killing of the young woman.

She attributed Barr's attempt to implicate her as an endeavor to accept his advances.

According to the statement Barr expressed his love for the woman before the death of her husband, a month ago. At the time Lake and his wife and Barr and his sister had apartments in the same house.

The charge of murder by "adding and abetting Meade Barr" in the killing of Miss Brown was filed against Mrs. Lake Saturday, but not admitted to public notice until today.

A charge of murdering Miss Brown was made by Barr several days ago before his arrival here from the Jeffersonville, Ind., reformatory, where he first confessed. Why Barr connected Mrs. Lake with the killing, the officials would not make public, pending investigation of his story by the grand jury now in session.

The motives which Barr said led him to the attack on the young stenographer also were guarded from publicity today, but details of his confession, beginning within an hour before the murder of the morning of July 28th, were given out.

In that hour Barr said, he took at least seven drinks of whiskey to fortify his courage. Then about 8:30 he walked into the real estate office on the ground floor, in full view of the street where the girl was at work alone. He said he attacked her near a window and that there was a type-writer nearby. When he had beaten her with his pistol to a knowing position, he said, she exclaimed:

"Lord Jesus, I am too young to die and my life has been filled with so much trouble."

He cut her throat. The blood on his arms and her last words, he said, preyed on him until he wanted to confess.

After the killing, he said, he washed his hands, caught a street car just around the corner and rode to Exposition avenue and the building where an accomplice gave him \$100. The identity of this accomplice the police have not verified, although Barr gave the name. Several discrepancies in Barr's story are accounted for by police by the fact he had been drinking before the murder. Among these discrepancies in his assertion that he attacked Miss Brown with a window and typewriter, while neither of these was in the room where the girl's body was found.

FEDERAL APPOINTMENTS.

North Carolinians Are Still Close Up (Special Star Telegram.)

Washington, D. C., Nov. 3.—If a North Carolinian is given a position as collector of customs on the Isthmus of Panama, those engineering the campaign will have to center their efforts upon one man and he must be the person to receive the nomination on the Isthmus, Mr. Goethals has his way about it.

At present D. H. McCullough, of Charlotte, seems to have the best chance of winning. McCullough has been in Panama for a number of years and has made good. He has been endorsed by a goodly number of Tar Heels.

Senator Overman said today that he is ready to make recommendations for district attorney and marshal far from the Isthmus. Attorney General McKendree receives the resignation of the Republican incumbents.

There is no doubt but W. C. Hammer will be given Attorney General's office and that Chas. A. Webb will be offered the place now held by Marshall Logan.

More or less opposition against Governor Glenn as Inter-State Commerce Commissioner, has developed here within the past few days. At the White House, however, it was said tonight that the President has no opinion of his mind and that Mr. Glenn "has an excellent chance of being appointed."

Unless the opposition can show good cause why Mr. Glenn should not be appointed, the Winston-Salem man will be given the place.

Secretary Josephus Daniels, Senator Stone, of Missouri, and Senator Dorrise Shackelford and Lloyd, both of the "Show-me-State" wired Governors Major and Hodges urging them to accept Governor Craig's invitation to work roads in North Carolina Wednesday and Thursday. Senator Stone and the Missouri Congressman are sure Governor Major will accept.

ALL CANDIDATES ARE CONFIDENT

Charges Made in New York That Toughest Are to Intimidate Voters at the Polls.

ALL POLICEMEN CHANGED

Elections in Other States Are Expected to Result in General Democratic Victory—Little Interest in Kentucky.

New York, Nov. 3.—With fusion and Tammany leaders predicting a landslide tomorrow for their respective candidates, the municipal campaigns, described by old-time politicians as the liveliest of a generation, came to a close tonight with speech making in all parts of the city.

"We will win by 150,000," declared Charles F. Murphy, of Tammany Hall, who in the last three weeks has been moved to break his sphinx-like silence more often than in any previous campaign.

Fusion estimates of victory ranged from 75,000 to 125,000.

John Purroy Mitchell is the fusion candidate for mayor, while Edward E. McCall is the Tammany standard bearer.

Information reaching police headquarters that "strong arm" men, gunmen, guerrillas and thugs generally, were to be employed to intimidate voters tomorrow resulted in promises tonight of police activity unusual for election day in this city. Seven hundred picked policemen familiar with underworld characters will be assigned to all parts of all boroughs. Police Commissioner Waldo announced. At midnight tonight every police captain was shifted from his regular precinct to another for 24 hours.

The commissioner gave these orders, acting upon a communication from Mayor Kline who had been visited a few hours previously by John Purroy Mitchell, the fusion nominee for mayor. Waldo said he had been informed of a threat of a mass meeting of election day by gangsters by both Mayor Kline and former Governor Sulzer, who is the Progressive candidate for State Assembly in the Sixth district.

Issue Disappears. Economy and lower taxes, described early in the campaign by Edward E. McCall, Tammany's majority candidate, as the issue before the voters, disappeared as campaign topics with the advent of Sulzer and his one-time graft investigator, John A. Hennessy, on the political scene. Their attacks on Charles F. Murphy and McCall as his candidate, were taken up by the fusion municipal nominees and from the fusion viewpoint Tammany and alleged graft became the issue. Sulzer's removal overshadowed all else of campaign importance. McCall being assailed as a go-between for Murphy and Sulzer in the events that led up to the impeachment trial.

The police are ready to administer a striking rebuke to Charles F. Murphy, who said he had been informed of a campaign in which he would be secretly predicting his election by 115,000. Betting odds tonight favored Mitchell 3 to 1 and 4 to 1 with Tammany men asking 5 to 1.

Murphy, however, made a smiling prophecy that the whole Tammany ticket would win. "The filthy campaign," Murphy assigned as his reason for his confidence, declaring it would react against the fusion candidates.

McCall Confident. Mr. McCall said tonight he was "confident" that New York is going to rebuke the unfair campaign methods of my opponents. I am confident that a majority of the voters will judge me for record as a citizen and public official."

The fusion ticket is being backed by Republicans, anti-Tammany Democrats, Progressives and a number of independent political groups. The Independence League has endorsed Mitchell for mayor and Charles S. Whitman, the fusion and Democratic nominee for district attorney, but has its own candidates for comptroller and president of the board of aldermen. It also endorsed several Tammany judicial nominees.

The many charges of Sulzer and Hennessy are under investigation by District Attorney Whitman. A new charge was made against McCall today by the fusion managers. It was that the Democratic majority nominee drew his check for \$28,000 to Cornelius National Committee in 1906 as a campaign contribution to help defeat the candidacy of William Jennings Bryan for President and also the New York State Democratic ticket. "The records of the Hughes investigation will show about that check," was McCall's reply to this attack. He referred to the Hughes investigation of the 30th States Supreme Court Justice Hughes before he became Governor of New York.

Can't Find Witness. On the eve of New York's mayoralty election Eugene D. Wood, the lobbyist and politician wanted by District Attorney Whitman, testified today at the "John Doe" inquiry into the charges of John A. Hennessy against Tammany Hall could not be found by subpoena servers.

Wood is the man whom Hennessy, former Governor Sulzer's graft investigator, said gave him the information that Edward E. McCall, Tammany's candidate for mayor, had borrowed money from former Inspector W. W. McLaughlin to pay for his nomination as Supreme Court justice in 1902.

District Attorney Whitman announced at today's hearing that Wood left town Saturday, the day after Hennessy testified, and that his subpoena servers had been unable to find a trace of him since. In his stead the prose-

editor called the police inspector's son, W. W. McLaughlin, Jr., who recently corroborated Hennessy's accusations by swearing in an affidavit published in the New York World, that he had seen a photograph of a check for \$22,000 which he said McCall had given his father in payment of the alleged loan.

McLaughlin was closely questioned by the district attorney and reiterated that he had heard his father say he had loaned the money to Judge McCall to pay for his nomination.

The hearing will be continued on Thursday.

Nine thousand persons are named in warrants issued today for their arrest if they try to vote at tomorrow's election. Supreme Court Justice Gavan Saturday told that a voter can register only from the place where he actually resides and under this decision, the Honest Ballot Association and the Voters' League compiled a list of names of persons they charge with illegal registration.

State Election.

The probable political complexion of the lower branch of the State Legislature is of chief State-wide interest on the eve of the elections. The present Assembly contains a strong Democratic majority. Republicans tonight predicted they would regain control, while Progressive leaders said the new Assembly of 150 members would contain 62 Progressives.

Other State offices to be chosen are chief judge and associate judge of the Court of Appeals, Supreme Court justices, and two Senators, while two Congressional vacancies are to be filled.

Four constitutional amendments will be voted on—to permit the Legislature to enact laws for excess condemnation by municipalities of land for public improvement; amend the jurisdiction of the Supreme Court, for a workman's compensation act, for additional county judges in Brooklyn and for storage reservoirs on State forest lands for purposes of municipal water supply or for generating purposes.

Practically No Interest.

Louisville, Ky., Nov. 3.—Except in Louisville, where a bitter campaign has been waged, Kentucky is looking for a dull election day tomorrow. Democrats predict an overwhelming victory in that State, while Progressives, who announced today that they had subscribed almost \$35,000 to prosecute in case of fraud at tomorrow's election, declare the ticket will win with a fair chance. Fair weather is the forecast.

Local Issues in Penn.

Philadelphia, Nov. 3.—Leaders of the opposing forces which have been working for the election of candidates for district attorney, members of councils and other offices in this city tonight expressed confidence that their respective candidates would be successful at the polls tomorrow.

Local issues predominate throughout the State. The only State candidates are judges of the Superior Court who will be chosen on a non-partisan ballot.

Light Vote in Virginia.

Richmond, Va., Nov. 3.—Indications are that an extremely light vote will be cast in Virginia tomorrow for State officers, due to the fact that there is no Republican opposition to the regular Democratic ticket headed by Henry C. Stuart for Governor. The lower branch of the General Assembly which is to be elected will be overwhelming by Democrats.

Make Final Appeal.

Boston, Nov. 3.—Six of the seven candidates for Governor tonight made their final appeals to the voters of the State in what has been the shortest and keenest campaign in recent years. Congressman L. P. Gardner, a Republican candidate, will speak at a noon rally at Lowell tomorrow.

During their arguments tonight four of the candidates claimed victory. These were Governor Eugene H. Foss, running independently for a fourth term after three terms as Democrat; Lieutenant Governor David L. Walsh, the Democratic candidate; Charles S. Bird, Progressive, and Congressman Gardner.

The center of the campaign tonight moved to this city where Candidates Walsh and Bird crossed and re-crossed each other's tracks in making between 20 and 30 speeches each. Predictions of rain tomorrow curtailed to some extent the expectations that the vote would closely approach that of last year—479,000. The spirited gubernatorial fight and the general effort by the Democrats to wrest control of the Legislature from the Republicans were expected, however, to bring out an unusually large vote for an off year.

Exciting Majority Fight.

Pittsburgh, Nov. 3.—One of the most exciting and bitter mayoralty campaigns in Pittsburgh history closed tonight. The rival candidates for honors tomorrow are Joseph G. Armstrong, former director of public works, and Congressman Stephen J. Porter running on a non-partisan ballot.

Interest was intensified today when Dr. E. R. Wallingford, county delinquent tax collector, and Howard B. Oursler, director of the city department of supplies, were held for court under \$500 bail each on a charge of conspiring to issue fraudulent tax receipts during the recent primaries.

Betting Favors Democrat.

Cleveland, Nov. 3.—Although Mayor Newton D. Baker, the Democratic candidate for re-election, closed his speaking campaign Saturday night, the Republican candidate, Harry L. Davis, made four speeches tonight. Betting favors Baker but the Republicans appear hopeful of victory.

Everybody Goes Home.

Washington, Nov. 3.—There was a general exit today of government officials living in States where elections are held tomorrow. Offices generally took on the appearance of a holiday. There was only a brief session of the Senate, no session of the Banking Committee, working on the administration currency bill and no session of the House.

President Wilson will vote in New Jersey tomorrow and return to Washington the same day.

Democrats Confident.

Trenton, N. J., Nov. 3.—At the close of the campaign tonight both the Republican and Democratic leaders were confident of victory. Friends of Everett Colby, Progressive candidate for Governor, also are predicting Mr. Colby's election, but this is not taken seriously and by the rank and file of the Progressives.

Besides a Governor, eight of the 21 State Senators and the entire 60 members of the Assembly are to be chosen. The election will determine not only the complexion of the Governorship, but also that of the Legislature, both of which are now Democratic.

James P. Fender, the Democratic candidate for Governor, was the declared choice of President Wilson before the primaries. Secretary of State Bryan and other prominent National politicians, came to New Jersey to speak in his behalf and asked voters also to elect a Democratic Legislature as a means of endorsing the President's administration.

The result of the gubernatorial election, many say, will depend on the size of the vote polled by Mr. Colby.

Mr. and Mrs. James Henderson, of White Plains, N. Y., have just completed a 2,000-mile trip on a twin motor-cycle.

EDWARD MORRIS DEAD.

Was Head of Well Known Morris Packing Company.

Chicago, Nov. 3.—Edward Morris, president of Morris & Company, packers, died at his home today after an illness of more than a year.

Mr. Morris was born in Chicago 47 years ago and was the oldest son of the late Nelson Morris, pioneer packer. He suffered a nervous breakdown about a year ago and was obliged to give up active business.

The seriousness of his condition became known last week, upon the arrival of his brother, Ira Nelson Morris, summoned hurriedly from Italy. Mr. Morris is survived by his widow, two sons and two daughters.

Edward Morris was a multi-millionaire and one of the best known meat packers in the world.

In the will of Nelson Morris, the bulk of the vast Morris fortune was attributed largely to the genius and energy of Edward.

He was only 14 years old when he entered the office of his father as an employee. So keen was his interest and so great was the aptitude he displayed in business affairs that even his father was astonished.

The wealth held by Mr. Morris is estimated at between \$30,000,000 and \$50,000,000. He was a liberal contributor to many charities.

In 1906 Mr. Morris married Helen L. Swift, daughter of the founder of Swift & Company.

RECTOR HAS CANCER.

Rev. Bertram E. Brown, of Tarboro, Has Serious Affliction.

(Special Star Correspondence.)

Tarboro, N. C., Nov. 3.—The announcement Sunday morning by Rev. Bertram E. Brown, rector of Cavalry Episcopal church, that he was a victim of a malignant form of cancer, came as a shock to his entire congregation. For the past two years Rev. Brown has suffered from an affection over his left eye, but not until last week did he learn the nature of the trouble, when in attendance at the general convention of the Episcopal Church at New York City, he was advised by a medical expert to take immediate action.

Mr. Brown further stated that the vestry had granted him an indefinite leave of absence and that he would probably leave Tuesday for Baltimore, where he would enter Johns Hopkins Hospital for treatment.

Rev. Bertram E. Brown came to Tarboro from Alabama, and for five years has been in charge of the parish, which for 50 years the late Rev. Joseph Blount Cheshire, father of Bishop Cheshire, presided over. Rev. Mr. Brown is well known throughout the State. Two years ago he was one of the leaders in a party of North Carolinians that went to the Holy Land, and at the same time he was given a number of honors.

AMBASSADOR ABSENT.

London Wonders Why Sir Cecil Spring Rice Leaves Washington.

London, Nov. 3.—Many reports, all of them denied by the foreign office, are in circulation today as a result of publication in the Times this morning of a letter signed "British Exile, New York," calling attention to the continued absence of the British ambassador, Sir Cecil Spring Rice, from Washington during the Mexican crisis. In some quarters it has even been suggested that the government was considering the appointment of a successor.

Nothing has been heard by officials for some time from Dublin, New Hampshire, where the ambassador, who he was secretary of the State, was to the effect that the doctors had ordered the ambassador to take a prolonged rest.

Boston, Mass., Nov. 3.—The British ambassador, Sir Cecil Spring Rice, who is here for a few days, took occasion today to deny that there was any political significance in his extended stay at his summer home at Dublin, N. H. The ambassador is not yet fully recovered from the illness that attacked him last summer.

SEABOARD TO CHARLESTON.

Million Dollar Project Indicated by Papers at Columbia.

Columbia, S. C., Nov. 3.—The Seaboard is heading for Charleston, according to papers filed late Saturday with the Secretary of State. Connections with the proposed line will be made with trains from Hamlet, N. C., and another trunk line will eventually be added to South Carolina seaport city. The road is a \$1,000,000 project.

D. T. McKelthan and Bright Williamson, two leading citizens of Darlington, and James D. Evans, of Florence, have applied for a charter for the Charleston Northern Railway, which is understood to be a Seaboard project. The line will begin at Darlington, connecting with the Georgetown & Western Railway and will go through the counties of Darlington, Georgetown, Berkeley and Charleston to Charleston. The minimum capital is fixed at \$25,000 and it is stated in the papers that authority is given to increase it to \$1,000,000.

FAREWELL DINNER.

Banquet Tendered Thackara When Leaving Germany.

Berlin, Nov. 3.—The American Chamber of Commerce gave a farewell banquet tonight to the American Consul General Alexander H. Thackara, who has been transferred to the consul generalship at Paris. Many prominent Germans and American consular officials were present.

The American Ambassador, James W. Gerard, paid a tribute to Mr. Thackara's services on the "Bling line of peace," in cultivating German-American relations. The ambassador referred humorously to the difficulties of housing the embassy.

"The first duty of American ambassador," he said, "seems to be fitting open faced bath tubs into 16th century houses."

TOURERS IN TEXAS.

New York Nationals and Chicago Americans Play at Marlin.

Marlin, Texas, Nov. 3.—The world-touring New York Nationals and Chicago Americans found today's game in Marlin a festive "home-coming" event, since players of both teams have trained here in the past. The Giants won 11 to 1, by heavy hitting, while Tesreau was holding Chicago to four hits.

New York 122 001 23-11 18 2
Chicago 000 000 001-1 4 3
Tesreau and Meyers; Benz, Faber and Daley.

BRIDGE COLLAPSED.

Sixty Foot Span on Southern Railway Gives Way.

Richmond, Va., Nov. 3.—A 60-foot span in the wooden trestle over Pamunkey river on the West Point division of the Southern Railway, collapsed late today under the weight of a combination freight and passenger train, the engine tender and three box cars being hurled into 30 feet of water. R. S. Wood of Richmond, supervisor of the roadway, was killed. The engineer and two firemen were injured. Wood's body was not recovered.

FOREIGN CORPORATION LAW.

Supreme Court Upholds Statute in Massachusetts—Its Tenor.

Washington, Nov. 3.—After years of vain endeavor, Massachusetts has solved the problem of taxing foreign corporations doing business within her borders. The Supreme Court today sustained as constitutional the Massachusetts foreign corporation tax law of 1909.

Chief Justice White and Justices Van Devanter and Pitney dissented. The decision was regarded by many as marking an epoch in State taxation.

The Massachusetts law provides that every foreign corporation shall pay annually an excise tax of one-fiftieth of one per cent of its authorized stock. Justice Day, who delivered the decision and Justices Holmes, McKenna, Lurton, Hughes and Lamar interpreted this to mean almost the same as the Federal Corporation law. They held that this meant a tax on the privilege of doing business within the State and not a tax on the property of the corporation outside the State.

Though no dissenting opinion was delivered, the report was current during the day that the dissenting members of the court held the case to be virtually identical with the Western Union and Pullman cases from Kansas, wherein a Kansas tax on foreign corporations was held unconstitutional a few years ago. Justice Day directed much of his argument to this point. He said the Kansas cases involved taxes upon capital stock representing property both in and out of the State, the law thus imposing a burden on inter-State commerce. He pointed out the business of the Western Union and the Pullman Company was commerce which in the two cases decided today the business of one company was mining and the other manufacturing only incidentally connected with inter-State commerce. He said that the Massachusetts law was not to be interpreted as taxing inter-State commerce or as applying to foreign corporations engaged wholly in inter-State commerce.

Boston, Nov. 3.—An income of \$250,000 a year is saved to the State by the Supreme Court's decision today upholding the Massachusetts foreign corporation tax law.

WEATHER FOR WEEK.

Forecast of Bureau at Washington for Next Seven Days.

Washington, Nov. 3.—Clear skies and moderate temperatures are promised by the weather bureau to practically the entire country for the next few days.

With the exception of a little rain and snow early in the week over the extreme Northwest, and the middle and southern districts from the Rocky Mountains westward, said the weekly bulletin last night, "generally fair weather will prevail over the country until the middle of the week, when another disturbance will appear over the far northwest, bringing with it some rain and snow that will probably extend eastward over the Missouri and upper Mississippi valleys and the greater portion of the Lake region by the end of the week, mostly as rain."

In the Atlantic and Gulf States, the Ohio valley and the Southwest, fair weather will continue, and fair weather is also indicated in the Northwest and extreme West after the middle of the week.

"Temperatures will rise early in the week over the central and the interior eastern portions of the country, and will fall somewhat in the middle plateau, but no unusual extremes of temperature are indicated at present for any portion of the country."

IMMIGRANTS HAVE HOOKWORM.

Large Per Cent of Those Coming to America Are Infected.

Washington, Nov. 3.—The following discovery that a large percentage of immigrants coming into the United States, especially those entering by the Pacific coast, are hookworm victims, Commission of General Counsel today sent instructions to all immigration officers throughout the country for vigorous examinations.

Latest statistics furnished by the Carnegie Commission, the Commission General said, showed that hookworm is prevalent in two-thirds of the immigrants coming into the United States. That from 60 to 80 per cent of India's 300,000,000 people have the disease, and that it is prevalent in Japan where the percentage of infection is believed to be high, although exact figures were not given.

Dr. M. J. H. Williams, of the Philippine Islands also the disease exists to considerable degree, he said. The Atlantic coast immigration, Mr. Williams said, would not have to be watched so closely as the majority does not exist in Europe to any great extent, being, as a rule, confined to miners there.

Windsor, Nova Scotia, Nov. 3.—Immense damage has been caused by the recent high tides along the coast between Windsor and Grand Pre. Several miles of dikes have been swept away and much valuable land is under several feet of water. Crops are ruined and highways impassable.

NEW TREATMENT FOR COLD TROUBLES.

Is plenty of fresh air in the bed-room and a good application of

VICKS' Croup and PNEUMONIA SALVE

over the throat and chest, covered with a warm flannel cloth; soothing antiseptic vapors are released by the body warmth and inhaled directly to the affected parts. No need of disturbing the stomach with medicines. The worst colds relieved in one night; croup in fifteen minutes. At all druggists, 25c, 50c and \$1.00. Sample on request. Vicks Chemical Co., Greensboro, N. C.

LOW ROUND-TRIP RATES.

(Open to the Public) will be made for SPECIAL OCCASIONS.

Via the ATLANTIC COAST LINE.

Standard Railroad of the South. To Points and on Dates Named With Return Limits as follows: The Amount in Parenthesis Representing the Round Trip Fare from Wilmington:

General Passenger Agent, W. J. CRAIG, Passenger Traffic Manager, Wilmington, N. C.

The unparalleled success of SOVEREIGN is puzzling other cigarette manufacturers. Southern smokers can tell them the reason—better quality.

The new SOVEREIGN Factory at Durham, N. C., is the brightest, cleanest, most modern cigarette-making plant in all the sunny South.

To this model factory comes the pick of the Virginia-North Carolina tobacco crops—selected by the greatest Southern leaf-experts in America—aged to thorough sweetness and mellowness.

Here this fine, flavory,

The American Tobacco

"QUALITY TELLS"

Old Belt tobacco is made into SOVEREIGN cigarettes by the latest improved machinery—rolled in the most expensive cigarette paper ever imported from France. This paper doesn't smoulder and "go out" in smoking, but burns evenly with the tobacco.

SOVEREIGN has given the South a new and higher standard of quality—a greater enjoyment than ever before—AND THE SOUTH KNOWS IT.

FOR SALE

We will receive until Nov. 8th bids for the Cape Fear Club Building, corner Front and Chestnut streets. On that day we will sell the building, to be removed by Dec. 5th, to the highest bidder. Reserving the right to reject all bids.

NO FUNDS FOR NEW HOME LAWYERS WOULD SIDE-STEP

Nothing Available for the Confederate Institution to be Erected at Fayetteville—Raleigh News Notes of Interest.

(Special Star Telegram.) Raleigh, N. C., Nov. 3.—The outlook is not at all bright for speedy erection of the North Carolina Home for Wives and Widows of Confederate Veterans that is proposed to be established at Fayetteville by the building commission with the \$10,000 appropriated at the last regular session of the Legislature.

The whole building operations may be tied up until the next regular session of the Legislature. There was a conference between Governor Craig, the Council of State and members of the home building commission today to consider the financial status of the enterprise and it developed that if the Council of State should provide for the \$10,000 appropriation to be borrowed from banks this would absorb \$600 of the \$10,000 fund. At the same time it is pointed out that there are several hundred applicants already for admission to such an institution and the most that the building commission contemplates providing for under the present bill is 30 inmates. It is insisted that this would be a useless move. Some are advocating that there be temporary quarters provided for as many as possible, very many more than could possibly be provided for under the present building plans.

The \$10,000 appropriation was left out of the bond issue act and this accounts for the fact that there is now no provision for taking care of the appropriation except by the process of borrowing from the banks and paying high rate of interest.

Attorney General Bickett is directed to investigate the situation and report as to the possibility of any adequate and economical provision being made to provide the funds under the circumstances.

Governor Craig returned this morning from Washington and says he found very great encouragement for the probable successful outcome of the effort to have the United States government apply the National Park idea to the Appalachian Forest Reserve movement. There was nothing definite accomplished by the Governor or in this direction on his trip, but he is well satisfied with the outcome of the trip in the formation of sentiment favorable to the movement, which must take time to develop and accomplish.

The Governor will leave tomorrow for Asheville to be on hand in Buncombe county for the annual Good Roads Day. He has given up the idea of making a trip through the State, Morehead to Asheville, during the two days, stopping at several points for road work. He fears his plan would detract from the main idea of accomplishing the work possible on these days and tend to disorganize the forces along the line that he traversed.

The Governor has invited the Governor of Missouri and the Governor of Kansas to come and take a hand in the North Carolina road work these two days and has assured by the State, Morehead to Asheville, during the two days, stopping at several points for road work. He fears his plan would detract from the main idea of accomplishing the work possible on these days and tend to disorganize the forces along the line that he traversed.

DEATH OF MRS. HOYLE.

Relict of Late Rev. S. V. Hoyle Died at Sanford, N. C.

(Special Star Correspondence.) Sanford, N. C., Nov. 3.—Mrs. Nannie J. Hoyle, relict of the late Rev. S. V. Hoyle, died at her residence on Carriage street here Sunday afternoon after an illness of several weeks. Mrs. Hoyle was in her 64th year and is survived by six sons and two daughters: Dr. Hughes B. Hoyle, of Aberdeen; Messrs. T. C. Hoyle, of Greensboro; P. V. Hoyle, of New York; N. R. Hoyle, of Richmond, Va.; K. R. and S. R. Hoyle, of Sanford, and Misses Nannie and Nellie Hoyle, of Sanford, and two brothers, Messrs. J. C. and S. P. Phillips, of Mecklenburg county, Virginia. The funeral services were conducted today at 11 o'clock from the Methodist Episcopal church of Jonesboro, which church was a charge of her late husband at the time of his death. The services were conducted by the Rev. H. E. Spence, of the Steele Street Methodist church of Sanford, and Rev. Mr. Johnson, of the Jonesboro Methodist church. The interment was in the Jonesboro cemetery beside her husband. The active pallbearers were S. P. Hatch, A. A. Seawell, C. C. Cheek, W. S. Weatherston, A. E. Griffin, C. M. Reeves, S. M. Jones and Ralph Monker. Mrs. Hoyle was a devoted Christian woman, a woman of rare charm and culture, a devoted mother. She will be sorely missed.

If you should meet anyone varnishing a horse with a greasy ointment, your best advice would be to quit such things and attend to the blood.

To successfully fight any blood trouble, some eruptive skin disease—call it eczema, lupus, psoriasis, malaria or scrofula—get your blood under the influence of S. S. S. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of red, pure arterial blood, for the diseased venous blood is marvellous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor, the bowels, kidneys, bladder and all excretories of the body are marshalled into a fighting force to expel every vestige of every disease.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy today, and if your case is stubborn or peculiar, write to the Swift Specific Co., 218 Swift Bldg., Atlanta, Ga.

Do not permit anyone to talk you into some useless compound they put up as a substitute for S. S. S. No honest druggist will do this.

The Woman's Home Betterment

Association of Edgecombe county planning many activities, in connection with which the model kitchen at the Edgecombe fair next week is only the initial step. The association will have prominent lecturers here during the winter to tell of the value of proper preparation of food. A nominal charge will be made for meals served at the fair, and every visitor will gladly be answered any questions pertaining to domestic science. The association has secured the services of ladies who are versed in this science and who will have charge of the demonstration.

At the next monthly meeting of the Tarboro Auxiliary to be held at the home of Mrs. L. L. Staton on November 14th, a preliminary plan for the campaign will be worked out, and the association will take definite action at its regular meeting.

With the new half-mile track in excellent condition, and some of the speediest trotting races in the State booked to appear, the Edgecombe fair promises to have races equal to the best in the State. Entries are being received each day and every section of the Old North State is represented. Everything is now in readiness for the formal opening of the fair grounds Wednesday morning, following which Dr. H. C. Alexander, president of the State Farmers' Union, will deliver an address.

The marshals will form at the court house at 10 o'clock. One of the best bands in the State has been secured for the three days, and with special rates and trains on the railroad the largest crowd in the history of Tarboro is anticipated.

Washington, Nov. 3.—Gen. Clinton L. Rices, of Baltimore, has been selected by President Wilson to be one of three Americans on the Philippine Commission.

This is Guaranteed to Stop Your Cough

Make this Family Supply of Cough Syrup at Home and Save \$2.

This plan makes a pint of better cough syrup than you could buy ready made for \$2.50. A few doses usually conquer an ordinary cough—relieve even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite, and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, spasmodic cough, bronchitis, bronchial asthma and whooping cough.

The effect of Pinex on the membranes is well known. Pinex is a most valuable concentrated compound of Norwegian white pine extract, and is rich in guaiac and other healing pine elements. Other remedies will not work in this combination.

This Pinex and Sugar Syrup remedy has often been imitated, though never successfully. It is now used in more homes than any other cough remedy.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or we will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

ANTI-SALOON LEAGUE OF AMERICA

Biennial Convention at COLUMBUS, OHIO, November 10-13, 1913.

Round trip tickets to Columbus, Ohio, will be sold from all stations in North Carolina, at rate of one and three-fifths fares. These tickets will be on sale November 8, 9 and 10, good for return passage until November 17th, 1913. The Norfolk & Western Railway has been selected as the official route for the North Carolina delegation, who should ask agents that their tickets be routed over that road. Special arrangements have been made with the Norfolk & Western Railway for accommodation of delegates on their train No. 3, Monday, November 10th, which leaves junction points as follows: Norfolk 8:30 A. M.; Petersburg 11:00 A. M.; Burkeville 12:28 P. M.; Lynchburg 2:35 P. M.; Durham 7 A. M.; Winston-Salem 6:50 A. M., arriving Columbus 6:25 P. M. following morning. For further information write Rev. R. L. Davis, State Superintendent, Raleigh, or District Passenger Agent N. & W. Ry., Richmond, Va.

EDGEcombe FARM LANDS.

High Prices and Profits—Fair This Week—Other Notes.

(Special Star Correspondence.) Tarboro, N. C., Nov. 3.—As an incident of the rapid increase in Edgecombe farm land two sales made here during the past week tell the story. Three years ago Mr. J. H. Ryans purchased from Mrs. J. C. Beale 275 acres four miles from town. He recently sold this land to W. W. Eagles for \$12,000, and the Atlantic Coast Realty Co. subdivided the tract and sold it at auction, bringing an aggregate amount of \$14,400. Another big sale was that of the Winfield Ruffian farm near Whitakers, which was purchased by L. E. Everett for \$18,500 and three days later sold to C. M. Landon for \$19,000. During the week real estate

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the
postoffice at Wilmington, N. C., under Act
of Congress, March 3rd, 1879.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily
newspaper in North Carolina, is published
daily except Monday, at \$5 per year, \$3 for
six months; \$1.50 for three months; 50
cents for one month, served by carriers in
the city, or by mail.

THE SUNDAY STAR, by mail, one year,
\$1; six months, 50 cents; three months, 25
cents.

ADVERTISING RATES may be had on
application, and advertisers may feel as-
sured that through the columns of this pa-
per they may reach all Wilmington, East-
ern Carolina and contiguous territory in
South Carolina.

Obituary sketches, cards of thanks, com-
munications expressing the cause of a pri-
vate enterprise or a political candidate and
like matter will be charged at the rate of 10
cents per line, to persons carrying a regu-
lar account, or, if paid cash in ad-
vance, a half rate will be allowed. An-
nouncements of fairs, festivals, balls, hops,
picnics, excursions, society meetings, polit-
ical meetings, etc., will be charged under the
same conditions, except so much there-
of as may be of news value to readers of
the paper, in the discretion of the edi-
tors.

TELEPHONES: Business Office, No. 51;
Editorial and Local Rooms, No. 61. Call
either, if the other does not answer.

COMMUNICATIONS they contain
important news, or discuss briefly and prop-
erly subjects of real interest, are ad-
vanced; and, if acceptable in every other
way, they will invariably be rejected un-
less the real value to readers of the pa-
per is the same, not necessarily for publi-
cation, but as a guarantee of good faith.

ALL DRAFTS, checks, express money
orders, and postal money orders, for the
paper should be made payable, and all
communications should be addressed to
THE WILMINGTON STAR CO.

Tuesday, November 4th.

A "good fellow" with money is as
scarce as money with a good fellow.

Some men don't know enough to
keep from butting in and showing it.

The all-rightness of Wilmington is
apparent to all comers and every-
body else.

Some men are always pointing out
reasons that have no point and rather
disappoint.

After a man or woman is particu-
larly notorious, they still have a
chance to become a lecturer, writer,
or vaudevillean.

Mrs. Pankhurst probably has found
out by this time that suffragism in
this country cannot be made a burn-
ing issue by an incendiary.

Senor Jose M. Aranda has been in-
dicted at Cienfuegos, Cuba, on 9,840
counts. He must have been doing
things ever since he was knee high to
a duck.

Fortune tellers always tell a blue-
eyed woman to beware of a certain
dark-eyed woman. That kind of for-
tune telling is nothing in the world
but good advice.

Huerta disqualifies himself for be-
ing the president of a free people.
"The best government," he says, "is
government by the few." That is the
reason his government is futile.

Sending President Wilson a Geor-
gia possum indicates a kindly feeling
that is duly appreciated in the White
House kitchen where several South-
ern colored individuals officiate.

Most of the politics in this country
is carried on by the outs against the
ins, and the people take sides without
suspecting that if the "outs" become
"ins" they will do as the "ins" do,
look out for themselves.

Dictator Huerta has the Mexican
Congress where he can get it when-
ever he wants it. He keeps the Con-
gressmen under lock and key—that
is, if they haven't been taken from
prison and sent up the spout.

Work "at" the roads next Wednes-
day and Thursday will show what
could be done by working on the
roads. Governor Craig's good roads
days will do much to create the sen-
timent that will result in the future
construction of roads.

The people may not rule wisely,
but the blame can be put on the rep-
resentatives they choose to rule in
the name of the people. The best
place to do your best as a citizen is
at the nomination primary or at the
ballot box on election day.

Mrs. Borden Harriman and Mrs.
Charles Dana Gibson are making
speeches in favor of fusion in New
York, while Messrs. Harriman and
Gibson do not approve fusion. Thus
those gentlemen will have another ex-
cuse for being driven to drink.

The New England jury which tried
a woman on the charge of giving her
husband poison, has found her not
guilty. Having seen her photograph
in the papers, we are prepared to be-
lieve that the old man took poison
because he had nothing to live for.

On the eve of his departure for
South America Col. Roosevelt said:
"Bill Barnes is a liar." So far as we
have heard, Bill has availed himself
of his constitutional right to keep off
the witness stand so he won't have to
be cross-examined as to the facts in
the case.

"Free beef" is coming in from Can-
ada and is being put in cold storage
for the consumer. The cold storage
people don't have to pay any tariff
on imported beef and that is where
the middleman scores again. The
best way consumers can get relief is
to produce what they consume.

We hold no brief for the local elec-
tric light plant, but unless Councilman
Wood can offer some assurance that
the affairs of the proposed municipal
lighting system will be managed with
a little more economy and with a
shade more efficiency than are some
of already municipally-owned public
utilities in Wilmington, we are "again"
the proposition on general principles.

NO REASON FOR PORT JEALOUSIES.

No. Wilmington is not jealous of
any other South Atlantic port, for it
will require every port in the South
to handle the South's commerce if it
should turn towards the South's
ocean gateways. Southern ports are
not doing enough to create anything
like envy let alone jealousy. There
would be plenty for all of them to do
if they would install the proper termi-
nals. We know of business that has
been turned away from South Atlan-
tic ports that could not furnish suit-
able warehouse accommodations at
reasonable terms. Until that is reme-
died there is no reason for jealousy.

On the contrary, we like to note the
progress of our Southern ports and
we are glad when one installs modern
water terminals, for the reason that it
immediately proves a success and
shows the others what can be done
by following suit. We are referring
to terminals of all kinds, whether they
are private or public terminals, as it
requires all manner of shipping facili-
ties to get the most out of a port.

When a port realizes that it cannot
immediately take on another coast-
wise steamship without building a
terminal for it, it has a practical dem-
onstration of the shortage of terminal
facilities.

Our South Atlantic ports will have
no steamship lines trading directly
from them through and on account of
the Panama canal. They will have to
depend upon being made ports of call,
and certainly all our ports are anxious
for the established steamship lines to
make them ports of calls for their
steamships. Suppose one line would
suddenly notify a South Atlantic port
that it would send in a scout ship to
ascertain the opportunity for making
it a port of call? Well, it might find
a place to stop in the anchorage
basin, but it certainly would not
find a terminal that it could take ad-
vantage of for regular business. That
shows that the one great need of our
ports is simple and well-defined ter-
minals for loading and unloading ships
with dispatch and economy. Lack of
warehouse facilities would be one of
the first discoveries that a scout ship
would have to report.

Wilmington has some of the best
private and corporate water terminals
that we have seen in any port, but
they are for the accommodation of
particular lines of business that al-
ready tax their capacity. When the
Panama canal is opened regularly for
traffic next Fall, the steamship com-
panies will look over every one of our
ports for business. The president of
a company, which is building five
steamers for the Panama canal trade,
says he wants his ships to come into
Wilmington but they can't come unless
there are terminals. So far as cargoes
are concerned, he says that is a sec-
ondary consideration as his company
will get the commodities in five hun-
dred cities in the interior and assem-
ble them at the ports. He says his
company will get the cargoes, if the
ports will provide the terminals and
warehouses to be used by his ships
going and coming.

As it will take about a year or two
to organize and construct terminals,
now would be a good time for Wil-
mington to enlist capital in a big water
terminal to do a storage and distribut-
ing business. Warehouses are neces-
sary for assembling cargoes and for
distribution all over the country.

WILMINGTON-CHARLESTON CANAL.

The Intra-Coastal Waterway is the
most attractive navigation project
this country will undertake after it
turns its attention away from the
Panama Canal as a finished project
in the next 12 months. Attention is
turning more and more towards our
coastal waterway possibilities as the
time draws near for getting down to
work on it in earnest. The least ex-
pensive portion of the work will be
from Norfolk to Wilmington and thence
south to Charleston, and the engineers
tell us that inside of two years it
would be an easy matter to make
it possible to open the canal for
traffic from Norfolk to Wilming-
ton. With reference to the project
from Wilmington into South Carolina,
the Charlotte Observer says:

"The recent successful trip of the
torpedo boats Thigley and Thornton up
the Waccamaw to Conway has got
the people of that section reflecting
with satisfaction that their place upon
the great coastal waterway route
seems assured. It was demonstrated
that vessels 175 feet long and requir-
ing eight feet of water under their
keels could ascend from Georgetown, 62
miles. They never scraped the bot-
tom and the only hindrance to free
navigation was the sharpness of a
few bends, where a tug was used.
With no added inconvenience the ves-
sels could have gone 20 miles further
up, according to statements made by
an army engineer who had charge of
the government's improvement work
on the Waccamaw. This would have
brought them nearly to the North
Carolina line. It means that consid-
erably over half of the distance be-
tween Winayaw Bay and the lower
Cape Fear is already navigable by
vessels of this class. By glancing
at the North Carolina Geological
Survey's State map we find that there
are two routes where creeks flowing
in opposite directions from the same
swamps or series of swamps stretch
to the lower Cape Fear. If neither of
these routes met with favor, some
other would. It is simply a question
of digging or widening and deepening
ditches in a region such as this. Wil-
mington, Conway and Georgetown
—with the Georgetown-Charleston
stretch a very easy matter—will
doubtless connect by 12-foot water be-
fore very long."

The connecting links of the Intra-
Coastal waterway from Wilmington to
Conway offer no very difficult prob-
lem. At least three routes are feasi-
ble, one of them a lock canal only
eight miles long with lake Waccamaw
as a feeding basin. The balance of
the route would be through creeks to
the lake where the Waccamaw river
has its source and runs thence to
Georgetown via Conway, to which

point there is already regular steam- boat service from Georgetown.

The Intra-Coastal Waterway is a big
project because it would be open to
the biggest inland commerce done on
any waters of the United States save
the Great Lakes. America's greatest
commercial cities will be on the in-
land waterway.

COST OF MILK MAKING PRO- VENDER.

The recent agreement among the
Wilmington dairymen to increase the
price of milk to 12 1-2 cents per quart,
an advance of twenty-five per cent. for
the dairies which have been serving
customers at 10 cents a quart, has
caused a stir among consumers and
is attracting attention throughout the
State. The communication from a
"Housewife" in Sunday's Star, was an
interesting and thoughtful contribu-
tion on the subject, and she throws
out several suggestions that it will do
well to ponder. That the milk prob-
lem here is attracting attention else-
where in the State, the Charlotte Ob-
server says:

"There seems to be no peace for the
housewives of Wilmington. Their fight
with the street grocers is scarcely won
before their attention is distracted by
the milkmen, who have announced
a rise in the price of milk to 12 1-2
cents a quart. This is an advance of
25 per cent. over the old prices and
space in the paper is being taken by
the papers in its demand by the kick-
ing brigade. The dairymen give as
the reason for this action the increas-
ed price in feedstuffs."

The one reason given for higher
milk in Wilmington is the cost of feed-
ing cattle, and that offers a good op-
portunity for beneficial study on the
part of the dairymen as well as the
people in Wilmington and throughout
this country. If the dairymen are at-
tempting to buy feed to produce milk,
and probably most of them are, they
can easily sustain their reason for de-
manding more for milk. However,
nothing could be so convincing of the
necessity for our farmers to grow
forage crops and have cultivated graz-
ing lands like at least one dairy has
in a country which grows winter
cover crops in great luxuriance like
the lands around Wilmington, it is
for the dairymen to solve part of the
problem, while the farmers generally
should see that they have a great op-
portunity to produce forage crops to
great advantage.

Probably the Housewives' League
can take up this branch of the subject
and help The Star along on a subject
that it has been discussing for years.
As we begin to feel the pinch because
we are not producing at home what
we need, we will have this subject
brought home to us in a way that it
possibly may make us get busy.

YELLOW ADVERTISING.

Advertising is a part of the stock
in trade of every live merchant who
carries goods that are worth advertis-
ing. It is a subject which business
men have begun to study, and as it is
a matter of interest and business to
legitimate advertisers here is some-
thing worth while from the Columbia
States:

"In the art of advertising immense
advances have been made in recent
years and of them the principal, that
one that overshadows all the others,
is the recognition that the advertiser,
to get the best results, must tell the
truth. In a word, the discovery has
been made that in selling shoes, cloth,
flour or nails, there is no more success
in lying through a newspaper or ma-
gazine than in lying through the mouth
of a big salesman. The people can
not be fooled all the time. In fact, in
this day, very few of the people can
be fooled, even for a short time. Con-
sequently, the untruthful salesman is
out of date. He is almost extinct. In
the same way, every intelligent mer-
chant now knows that the 'kick' to
the preposterous boast printed in big
type in the newspaper damages the
business ten or a hundred times as
much as the boast helps it. The mer-
chant understands the foolishness of
exploding 50 pounds of powder to pro-
tect one pound of shot."

The average newspaper seeks to
make advertising pay its advertis-
ing patrons, but at the same time they
owe something to their subscribers
who read the advertisements and
profit or lose by them, according to
the trustworthiness and reliability of
the advertiser. Some merchants do
not advertise enough, while others
advertise when they have nothing to
advertise. It shows, however, that
they appreciate its value, as they have
found out that advertising gets cus-
tomers for either a legitimate under-
taking or dupes for a wildcat enter-
prise.

The high cost of living will have to
come down by degrees. Nobody can
expect a sudden drop while those who
fix prices still monopolize the pro-
ducts that are for sale. The trusts
organized under the protective tariff
need not necessarily pay any attention
to a revised tariff until it creates com-
petition and plenty of it.

A teacher of the principles of effi-
ciency will die poor unless men gen-
erally spend some of their money in
an effort to learn how to be efficient.
Many efficient men are working on
small salaries for inefficient men who
have managed to start a business in
which it is necessary to employ effi-
cient help.

CURRENT COMMENT.

Mr. Overman, it seems, has the
privilege of naming three Federal offi-
cials for the western half of the State.
He need not be counting this as an
asset.—Durham Herald.

The Wilmington Star would not ad-
vise the boys to stay on the farm or
the boys to stay in the city, our sea-
port contemporary believing that the
boys are capable of deciding for them-
selves. If all the boys had stayed on
the farms, the towns would be in a
pretty sorry plight.—Raleigh Times.

Wilmington's aldermen passed an
ordinance prohibiting the placing of
goods and wares on the sidewalks.
Then the merchants kicked so that
they rescinded the law. Just at this
junction the women took a hand, de-
claring they would trade with no mer-

chant who placed goods on the walks,
since which time it is all over but the
shouting. The merchants say they
do not want to make such a display
of their wares. They have made a
"change" in their judgment.—
Greensboro Record.

The Inter-State Commerce Commis-
sion holds that because the value of
a market commodity falls is no reason
why a freight rat's on that commodi-
ty should be lowered if it were a fair
rate before, and, in fact, no reason the
rate, if it were too low to be a fair
rate before, should not be actually
raised, although the market price of
the commodity should be falling. If
any given rate is sound for a bushel
of potatoes that is worth 30 cents to
the shipper, it ought to be a higher
rate if the potatoes are worth 60
cents to the shipper. But if the pub-
lic, through the shipper, is to be pro-
tected in that way, then, for the very
sake of the public, the carrier must be
protected in the other way.—New
York Press.

Those who have the opportunity to
follow the weekly papers of the State
will be quite prepared to see an en-
thusiastic response to Governor
Craig's idea for road working on the
two appointed days this week. All the
papers are giving good accounts of
the interest in the matter. The Con-
cord Chronicle notes a substantial
manifestation of the enthusiasm in
Cahoon county, the publication of a
list of people who have contributed
\$5 each in cash and of people who
will donate teams. A Greensboro spe-
cialist The Observer told that Guilford
county will furnish a road work-
ing force of 2,000 men. In the east-
ern section of the State the sentiment
seems to be as earnest as it is in the
predominant western sections. The
work has resolved itself into a State
inspiration. Aside from the substan-
tial results that will be obtained,
North Carolina will be a gain to an
immense extent by reason of the im-
petus that will be given the good roads
sentiment.—On the whole, it appears
certain that Wednesday and Thursday
are to be great days in the State.—
Charlotte Observer.

THE PRICE OF MILK.

To the Editor of The Star:
"This said 'comparisons are odious'.
This may enlighten. The timely, com-
prehensive letter signed 'Housewife'
reminds me of the delicious cream and
milk I enjoyed in the Summer and
early Fall, where six or seven months
of the year, there is no grazing for
cattle."

In one city of 70,000 inhabitants,
milk was furnished from farms, six
miles away, carried over hilly roads
and delivered in bottles, from half past
five A. M.

One of those dairymen informed me
that he had a milk cow and hand rose
at 3 o'clock to feed and milk the cows,
ride to town and make the customary
early breakfast delivery. This milk
brought eight cents a quart. Another
community of 25,000 inhabitants, was
supplied under similar conditions, with
milk at eight cents a quart—cream at
forty. Still another—population about
like our own—derived its milk from
points several miles over the hills,
where stock is sheltered in expensive
barns, and milkers paid \$25 or more
per month to milk the cows. This milk
was rich; delivered up two flights of stairs
—in a flat. The well-informed white
man distributing it, charged seven
cents a quart. A dealer said
"feed costs about the same every-
where." We can use diluted condensed
and evaporated milk for cooking. It
is as good.

Some mothers prefer the prepared
milk for infants, but we who need
sweet milk for cereals, or a nourish-
ing drink, must do without, or improv-
erish ourselves by paying 18 cents a
quart for the necessity.

We boast of our climate and soil—
why cannot we successfully compete
with laborers producing and distribut-
ing products in regions where snow,
ice, storms and biting cold prevail?
HOUSEKEEPER.

AN APPEAL TO THE HOUSE- WIVES' LEAGUE.

To the Editor of The Star:
The article in last Sunday's Star
on the advanced price of milk contains
some practical suggestions, which are
well worth considering. Here is an
excellent opportunity for the House-
wives' League to do some useful and
beneficial work. Let them institute
a thorough and systematic plan of in-
terviewing the housekeepers of Wil-
mington and inducing them to restrict
the use of fresh milk at 12 1-2 cents
per quart to the smallest possible min-
imum. Let them encourage the cream
and milk in their households in the
preparation of cakes, desserts and other
foods. If this course is persistently
pursued, it can easily take a very short
time to establish beyond doubt one of
the other of two conditions as a fact:
Either that the dairymen of Wilming-
ton can and will reduce the price of
milk to less than 10 cents per
quart; or that the time has come when
fresh milk must rank with other ar-
ticles of luxury, the free use of which
is a privilege, win reach the wealthier,
while economical housekeepers must
content themselves by partially replac-
ing it with substitutes, and the poorer
ones must withdraw it even from their
young children.

It is just such work as this, and at
just such times as this, that house-
wives' leagues are doing in other com-
munities, and it is indeed one of the
most urgent reasons for their exist-
ence, to prevent, if possible, a calam-
ity, such as the continued high cost of
milk would be to the working classes
of our community. ECONOMIST.

Washington, Nov. 3.—President
Wilson today designated William
Wallace, Jr., of Helena, Mont., to be
Assistant Attorney General.

RAILROAD BRIDGE AT HILTON

Seaboard Asks City to Share in Cost of Abutments of Concrete Structure—Lack of Money May Prevent.

City Council held a conference at 11 o'clock yesterday morning with Mr. E. O. Frink, bridge engineer of the Seaboard Air Line, and Hon. John D. Bellamy, local counsel of the road, with regard to the proposed construction of a new bridge over the Seaboard tracks on Fourth street, at Hilton, to be paid for jointly by the Atlantic Coast Line and the Seaboard Air Line. The purpose of the conference was to hear a request of the Seaboard that the city share in the cost of the abutments for the concrete bridge.

According to the estimate of Engineer Frink the concrete bridge complete will cost \$18,940, including the abutments which alone will cost \$4,450. Exclusive of the abutments the bridge would cost \$14,490. The bridge would be 66 feet in width and 47 feet clear in length, providing two walkways of 10 feet each in width and a roadway of 46 feet in width.

No definite amount was asked for from the city, but it was suggested by Mr. Bellamy that the city contribute \$5,000 of the estimated cost. He called attention to the fact that the city constructed the abutments for the Coast Line bridges at Fourth, Fifth and Sixth streets, and stated that in making the request for a contribution in the construction of the bridge at Hilton the Seaboard was only asking to be dealt with in like manner.

It was pointed out by Mr. Bellamy and Mr. Frink that the railroads are not compelled by law to erect a bridge as substantial as the one proposed and that they could build either a wooden or steel structure at far less cost to them, the cost of a wooden bridge being estimated at \$4,000 and a steel bridge \$3,000. However, it was preferred to build a concrete bridge, one that would be permanent and would never require extensive repairs. The concrete bridge that has been planned is designed to carry street cars as well as heavy vehicle traffic. However, Mr. Bellamy stated that the city would not be allowed to use the bridge unless it shared in the cost of the bridge.

The law requires a clearance of 22 feet under concrete bridges, which would make it necessary to raise the elevation of the road at the bridge five or six feet, making a grade on both sides of the bridge and requiring considerable grading and filling in. It was roughly estimated that the change in grade would cost the city around \$4,000, which members of the Council seemed to think was every cent the city finances would permit to pay toward a concrete structure. The railroad desires, in addition to this, that the city pay a portion of the cost of the abutments.

With regard to the city having built the abutments for the Coast Line, Councilman Loughlin said that this question need not enter into the bridge at Hilton as both the Seaboard and Coast Line would pay for the bridge at equal expense. "Both are fed out of the same spoon in this proposition," he said.

The Coast Line will share in the cost of the bridge by virtue of an agreement entered into by the two roads, by which the Coast Line is given half the cost of the bridge and the right-of-way passing under the bridge. The Coast Line is willing and anxious for the construction of a concrete bridge and to bear the charge of it as no point as to payment for the abutments, but is willing to pay one-half of the entire cost of the structure. The bridge is to be constructed by the Seaboard and the Coast Line is to pay its proportion to that road. Third Vice President Kenly and Assistant General Counsel Elliott have both notified the city that they have requested the Seaboard to begin work on the bridge. Mr. Frink said that no request from the Coast Line had yet reached his department of the Seaboard.

At present, a wooden structure, which is out of repair a portion of the time, spans the Seaboard tracks on Fourth street. The bridge was reported to Council while in session yesterday, to be in a dangerous condition and was ordered closed until repaired. Superintendent of Streets McAllister notified the Seaboard agent here of the condition of the bridge and it is presumed that repairs will be made immediately.

The city has been trying for a good number of years to get a new bridge at Hilton and the northern part of the city, where litigation first began between the Coast Line and Seaboard with regard to certain track and property rights in the northern part of the city, definite promise was made that as soon as the matters at issue were settled in court a massive concrete bridge would be constructed over the tracks. The city had been given privilege to run tracks under the bridge seemed to be a foregone conclusion, for it was stated to the Council at that time that the bridge would be built jointly by the two roads, hence the desire of the Seaboard to delay action until the matters had been settled. Litigation between the two roads has been settled and the city is now insisting upon the bridge.

Mr. Frink left yesterday afternoon for Atlanta and will return to Wilmington Thursday at which time Council will take definite action on the proposition. Meantime, the city engineer is to look into the cost of changing the grade, etc., and make report. Present at the meeting yesterday besides the Seaboard representatives were Mayor Moore, who presided; Councilmen Wood, Jones, Merritt and Loughlin; City Attorney Bryan and Capt. Thos. D. Meares city clerk and treasurer.

LOW TARIFF SALE

Unique Sale Inaugurated at Fuchs Department Store.

Whether or not the new Underwood-Simmons tariff bill has reduced the cost of living has been a mooted question for several weeks, but the question appears to have been effectively answered in the advertisement of J. W. H. Fuchs' Department Store in Sunday's paper. On account of the sweeping reductions in the tariff, reads the advertisement, "ten November bargain days will start Thursday at 9 A. M." The sale continues ten days and prices are quoted which indeed justifies the hope that after all speedy, effective relief will be the portion of the people who buy under the provisions of this new bill.

Five Japanese Permissons. Mr. E. C. Wooten, traveling representative of The Star, who was in the city yesterday had specimens of two very fine Japanese permissons that were given by Mr. J. C. Chancy at Lake Waccamaw. They weigh 15 1/2 ounces each and are a remarkable fine specimen of the fruit.

MUNICIPAL LIGHTING PLANT

Councilman Wood Proposes to Increase Revenue in This Way So As to Reduce the Tax Rate Next Year.

In the hope that in this way the city treasury may be replenished to such an extent as to permit of a substantial reduction in the tax rate another year, Councilman Wood at a meeting of the City Council yesterday morning proposed the establishment of a municipal lighting plant in connection with the pumping station equipment for furnishing electricity not only for street lighting but for the general public.

Other members of the Council thought the suggestion of Councilman Wood worthy of thorough consideration and he was requested to communicate with some electrical engineering firm as to the probable cost of the plant, etc. Councilman Wood cited the experience of Fayetteville to illustrate his point that with revenue from an electric light plant it would be possible to make a substantial reduction in the tax rate. Fayetteville, he said, cleared \$14,500 last year on its municipal plant with an investment of \$30,000. Other cities, he said, that own their own electric light plants have added greatly to the revenue of the city, while at the same time furnishing the service at less cost to the consumers than plants owned by private corporations. In these places, he said, they have a \$1 flat rate.

Councilman Wood said that he supposed Mr. Hugh MacRae, president of the Tidewater Power Company, would think that he was after the Tidewater company, but that he desired to say that he was actuated solely by a desire to do something to increase the revenue of the city so as to be able to make a reduction in the tax rate. He thought that with the establishment of a municipal light plant it would be possible to reduce the tax rate to \$1.50 another year.

City Attorney Bryan suggested that the Council, in considering this proposition, should take into consideration the cost of stringing wires or the purchase of the wires now existing. Also, if the present system is not purchased outright the city will have to enter into competition with it in supplying electricity to the public.

Councilman Wood has advocated the establishment of a municipal plant for furnishing the city street lighting for some months; he is now of the opinion that the city should do more than this, that it should go into the business for profit.

Report of the investigations of Councilman Wood will be made at a subsequent meeting.

ROYAL ARCANUM BARBECUE.

Carolina Council Celebrated 35th Anniversary Last Night.

Members of Carolina Council No. 1874, Royal Arcanum, gave a "Royal Arcanum barbecue" last night in their hall upstairs at No. 213 Princess street, which was attended by a large number of the members together with many friends. The enjoyable affair was in the nature of a celebration of the 35th anniversary of the founding of the order. A campaign for new members was launched, and it is expected that a large number will be enrolled as a result of the delightful occasion.

A committee composed of Messrs. H. M. Bremer, A. F. Devere and J. E. Rogers, in charge of the arrangements, and to them is due much credit for the splendid success of the occasion. Dr. S. Mendelsohn, Grand Chapter, of the order, was present, and made a fine talk on the principles of the order. Regent H. M. Bremer, Mr. H. E. Bonitz and others made interesting short addresses.

The Royal Arcanum was organized in 1901 by J. L. Greenwald, Grand Regent of North Carolina, at that time. Mr. H. E. Bonitz was the first regent of the order. It has had a steady growth and is today one of the strongest fraternal orders in the city. The officers are as follows: H. M. Bremer, Regent; Henry E. Bonitz, Secretary; R. G. Rankin, Treasurer; M. F. Allen, Collector; W. J. Toomer, Chaplain; R. F. Caldwell, Guide; C. W. M. Hess, Warden; J. B. Cooper, Secretary; J. L. Locklaw, S. P. Regent; W. J. Meredith, L. D. Latia and E. R. Schuch, Trustees; J. E. Huntington, Representative to Grand Lodge.

The occasion last night was an informal reception with barbecued meats and the "necessary things" that go with such a feast to make it all that could be desired by the most fastidious.

MEETING OF STOCKHOLDERS.

City and Suburban Building Association Elects Officers.

The annual meeting of the stockholders of the City and Suburban Building Association was held yesterday afternoon at 4 o'clock in the office of Henry Heyer, Esq., in the Southern building. The report of Mr. L. J. Carter, secretary and treasurer, showed that the association has done a most prosperous business during the past year. Although one of the younger building associations of the city it has made rapid strides and its assets have enlarged to such an extent that it is one of the strongest institutions of its kind in Wilmington.

Following is the board of directors elected yesterday: Messrs. W. J. Baxter, A. O. Schuster, L. Hanson, Sr., B. Keith, Daniel H. Penton, George H. Huttall, L. J. Carter, Martin Schnibben, Clayton Giles, Sr., John C. Heyer, R. A. Wright and Abe Schuch.

After the meeting of the stockholders the directors held a meeting and elected officers for the coming year, as follows: Daniel H. Penton, president; L. J. Carter, secretary and treasurer; Henry Heyer, Esq., attorney.

MUST HAVE TICKETS.

No Admission Through Gates at Union Station.

If you want to get to the trains at the union station you must have a ticket or otherwise you will be turned down. The gates have been ordered from the officials to refuse admission through the gates except to passengers. An exception is made in the case of parties or persons afflicted with disease. Three porters have been provided to assist ladies with luggage. They also assist gentlemen having baggage than they can carry if they have time. The porters can be distinguished by their red caps. While they spend most of their time inside the yards they can also be found occasionally at the union station. While the new rules have caused some inconvenience to the traveling public on account of unfamiliarity with the new regulation they will doubtless become accustomed to the new arrangements within a short time.

REGULAR MEETING OF BOARD

County Solons Consider Number of Matters—Health Budget Approved—Interesting Reports for the Month.

The Board of County Commissioners had a variety of matters to be considered and acted upon at the regular monthly meeting yesterday. The session lasted for three hours, adjournment being taken at 6:30 until next Monday afternoon, when some unfinished business will be taken up. Chairman Willard presided with all members in attendance, also Clerk W. A. Williams and Auditor J. A. Orrell.

The new budget of the health department for the remaining seven months of the present fiscal year was passed exactly as submitted except it was decided to recommend the increase in the salary of the fumigation officer from \$25 to \$29 a month. This office is now held by Mr. James White.

Mrs. Henry C. Arthur, of No. 67 Delgado, asked aid for her husband, who has been unable to work for several months on account of a stroke of paralysis. The case was referred to Dr. John Thames for investigation and report.

Mr. Geo. O. Gaylord and several other property owners in that vicinity appeared before the board and requested that Rock Hill avenue, from the Castle Haynes road to the public landing on Northeast river, be declared a public road, so that authority could be conferred to call out the people living along the road to work the thoroughfare. They also asked the county to furnish the necessary drain pipe for the improvement of the road. Members of the board were asked whether they would open this road or open what is known as the Rose Hill road only a short distance away, so the matter was referred to the permanent road committee.

C. F. George was relieved of payment of poll tax on account of physical disability. Report of his condition was made by Dr. Thames. Request of G. R. Rogers to be relieved of poll tax on account of physical disability was referred to Dr. Thames for investigation. Lucy May colored asked for abatement of \$250 valuation personal property, listed through error. The request was referred to the auditor with a request for the auditor to report on the service of 30 caplans on persons against whom back costs were charged in the Recorder's court.

Mr. J. P. Herring requested, and was given 30 feet of six-inch drain pipe to be used on the road from the Masonboro church to the rock road. He said that the people of the community were going to turn out Wednesday and Thursday and work the road. Having produced receipt to show that he had paid the full amount of \$14.70 for the pipe, he was granted a refund of \$7 which he was required to pay to the clerk of the Recorder's court when arrested on a capias a few days ago. It was stated that the books show that Mr. Cherry had paid only \$9.70, hence the issuance of the capias. Upon motion of Commissioner McGirt, the clerk was instructed to write Mr. F. T. Skipper, the former clerk of the court, and ask him to explain what became of the \$5 that the receipt shows was paid into the court over and above the amount appearing on the books. Another case somewhat similar was that of Mary Pope, colored, against whom there appears a balance due of \$5, which amount Chief of Police Williams explained to the board he paid himself and when arrested on a capias a few days ago. He said that the woman had been arrested once before for the amount, but was released when the capias was returned. He explained that the former clerk who remembered that it had been paid, but through oversight had not been credited on the books. Commissioner McGirt made a motion in this case, calling on Mr. Skipper for an explanation.

Mr. E. L. Lee had the valuation of his personal property reduced from \$300 to \$100, having been listed by him through error. Mr. Bertram Quelch called attention to the bad condition of the blue-clay road just beyond Wrightsboro, where the Commissioners promised to improve just as soon as they could get to it. He also suggested that the Commissioners ought to call to the attention of the City Council the "disgraceful condition of Nixon street."

The bond of Auditor Orrell for \$50,000 for the road fund in the United States Fidelity & Guaranty Co., was received and accepted. The application of Mr. G. T. Shepard for position as tax collector for the townships was referred to Sheriff Cowan. Commissioner McGirt stated that Sheriff Cowan had asked that the board recommend some one for appointment as special deputy sheriff or patrolling the county roads to run down violators of the speed law, and upon motion Mr. Louis W. Tyndall was recommended for the place to be employed at intervals.

Mr. J. P. Herring, the farm demonstrator, reported 80 visits to farmers during the month of October, advising them to plant oats, vetch and eye, and also looking after the measuring of the corn and test acres, and doing other work pertaining to the Corn Show. He reported that the yields of corn are showing up well, running from 40 to 100 bushels per acre, which, he says, shows that the farmers are doing well. He also reported that the corn is showing up well, running from 40 to 100 bushels per acre, which, he says, shows that the farmers are doing well.

ture of the negroes, was left with the chairman, with power to act.

Upon recommendation of Commissioner McGirt, who had been appointed a committee to investigate, it was ordered that Mr. N. W. Jacoby be paid \$40 for a cow that was run into by the county auto truck some weeks ago. Chairman Willard voted against the allowance, declining to recognize the county's liability in the case.

Commissioner Moore was given authority to have 50 posts put down, for mile post signs which are to be placed on the public roads.

Upon motion of Commissioner Moore the clerk was instructed to write the City Council and request an answer to the communication asking for the appointment of a committee to consider the distribution of charity funds.

The county attorneys were asked for an opinion on the question of whether the county is to be bound by the ruling of the State Corporation Commission, which holds that under corporations assessed by the Corporation Commission must be paid direct to the State Treasurer. The payment of the amount direct to the State Treasurer the county out of the sheriff's commissions.

The following abatements were made in tax valuations, due to errors in listing: Abe and Arthur Einstein, \$300 and \$350, respectively; Mrs. Rosa Hewlett, Masonboro township, from \$3,750 to \$2,500; J. W. Brooks, from \$1,400 to \$350 on 300 acres on Negro Head road; J. M. Solky from \$42,000 to \$18,700; J. H. Rehder abated \$7,000; Geo. W. Inman, colored, \$350 abated; W. Russ was relieved of poll tax in Federal Point township, having listed in Wilmington. The board declined to disturb the assessment of R. B. Jones, Castle Haynes, on seven acres at \$1,000. Request of W. M. Peck for reduction on personal property from \$1,000 to \$100 was referred to the auditor, was also the request of Mr. O. L. Bland for change in real estate assessment.

The Road Work.

Mr. R. A. Burnett, superintendent of roads, submitted his report for the month of October, as follows: "Number of prisoners in camp previously reported, 110; number of prisoners received during October, 20; number of prisoners released during October, 18; escapes, 2. Total number of prisoners in camp this date, 110. One of the prisoners escaped from hospital, the other from camp."

"During the month we have moved 280 tons of road material from the rock quarry."

"The Federal Point force has cut a right-of-way a mile or two below the Carolina Beach railroad, and is now ditching and grading this road near the present camp at the old Keyes place."

"We have planned to move this camp up to where the Carolina Beach road leaves the hard road (near the Horne place) and start to grade the road from this end."

"The Gordon road force, under Capt. Perry, has reached Acorn Branch and is now making a fill at branch preparatory to putting in a concrete culvert or bridge over this stream."

"We have an extra gang at work on the Federal Point road, just below Sunset Park, putting on a thick coat of hot road tarvis to bind and preserve this road. We have already covered about two miles of road with this tarvis and with favorable weather will finish the car this week."

"We have just recently built four houses, mounted to be used as sleeping quarters and for cooking meals for the various camps. With these movable houses we are now enabled to move the camp at any time, and there is no time lost in going to and from work, as the houses are moved right along as the road work progresses."

"We repaired the road near Mr. Paul Case's place on the turnpike, by putting in a galvanized pipe and widening the road at the point where it was damaged. We have covered considerable trouble and delay the past month on account of the bad weather, and have repaired a large number of washouts."

"We plan to repair the Scott's Hill road this month and put same in good condition. Have done some work on the Shell road and Whiskey creek road the past month."

The Home and Farm.

The report of Mr. P. H. Raspberry, superintendent of the home and farm, for October, follows:

"You will note that we have at present time a larger number of inmates and prisoners than we usually have, and 24 about 40 or 50 bushels of potatoes, making a total of 62 persons to be cared for and looked after."

"The home is in a splendid sanitary condition and the health of the people very good. No deaths to report the past month."

"Have finished housing our hay and plan to have same baled next week. We expect to make about 800 or 900 bales, averaging 100 pounds to bale."

"We are now furnishing the road camps every day with forage for the teams. The past month we have sold 11 bales of cotton at an average price of 13 to 12 cents per pound. We have about 10 bales more in the field to be picked which will bring our average up to one bale per acre."

"Have planted about three acres in cabbage, collards and turnips, and plan to have some of the jail and road forces with the products of this farm."

"We have dug the peanuts and are now digging the potatoes. There will be about 400 or 500 bushels of potatoes and we will supply the convict camps from time to time with these potatoes. Have 75 hogs in fine condition and we expect to kill just as soon as the weather permits."

"Have not as yet finished gathering the corn, but what we have gathered has averaged 40 to 45 bushels to acre. We are now very busy preparing for and sowing rye, oats and vetch. Have already sown some crimson clover and hope to put land in good condition next year by planting cover crops. We are hauling lots of wood-mole, manure, etc., for making compost so that we won't have to use any commercial fertilizer the coming year."

"Last month we sent a force to assist the janitor in cleaning the Court House and painted and patched the blankets for the jail."

"If not amiss would like to say something regarding the moral tone of the home and farm. We are now in the Yoke Fellows Band of the Y. M. C. A., for the good work they are doing among our people."

"Every Sunday afternoon the Yoke Fellows Band holds a service; out here and the work that they are doing is having a splendid effect upon those who are out here under our care."

"The Sunday morning service for the colored inmates and prisoners, conducted by a colored minister, and good results always follow these meetings. It is our aim and purpose to so manage and control the prisoners that they may go away better citizens."

"The Clyde Line steamer Santiago, which was to have sailed for New Sunday morning, was delayed and sailed late yesterday, carrying this as a part of a cargo of lumber and other miscellaneous matter."

THE C. W. POLVOGT COMPANY

"The Store That's Always Busy"

STYLE PLUS ECONOMY

IS ALWAYS POSSIBLE WHEN YOU PURCHASE AT POLVOGT'S.

Many women imagine they cannot dress in CORRECT style without becoming unduly EXTRAVAGANT. This is a mistaken idea, as hundreds of people who shop regularly at Polvogt's will assure you. Even the lowest price garments we sell, for instance, are made up on absolutely AUTHORITY fashion lines; to pay more means added elaboration and finer fabrics, perhaps, but at THIS store the LOW-priced offerings are ALWAYS in Correct style.

It would probably astonish you if you knew how little some of the best dressed women in Wilmington pay for their clothes, and they do it simply by selecting EVERYTHING where a Dollar invariably buys MORE. Read today's advertisement carefully through and you will find hints how you can make YOUR money buy more STYLE and VALUE than it ever did before.

FALLTIME FABRIC OFFERINGS.

The Correct Colors and Weaves, Backed by Our Liberal Guarantee as to Wear and Worthfulness.

Even when Silk conditions were normal, these Special Offerings would be very Cheap! Under present conditions, they are unusual values.

42-inch Silk Poplins, a yard . . . \$1.52
36-inch Black and Colored Messalines 98c
40-inch Charmeuse \$1.79
36-inch Striped Messaline 89c
22-inch Foulard Silks 39c
40-inch Brocade Crepe Meteor . . \$2.48
Brocade Silk Velvet \$1.50

WOMEN'S READY-TO-WEAR CLOTHES

We Are Particularly Prepared to Fit Slender Figures and Small Women.

We make these sizes a specialty. Of course we have regular sizes, also, but we pay particular attention to the fitting of the small woman and the slender figure.

Our garments will fit, because they are designed for special work. They are different from the garments usually shown by merchants, because they are cut upon lines for small women or slender figures, and designed with the chief idea of GRACE and STYLE.

Tailored Suits for \$12.50 to \$50.00.

Comprising Serges, Cheviots, Poplins, Broadcloths, Diagonals, Eponges, Velours and Velvets.

NOVEMBER FUR OFFERINGS.

Furs Were Never Before so Fashionable; Our Styles Never More Appealing; the Prices Are Exceptionally Fair.

Dependable Furs are a joy to the wearer. We have them.

SOCIAL & PERSONAL

Miss Carrie S. Myers has returned from a month's visit to several Northern cities.

Mrs. J. Bailey Robeson, of Sanford, has returned to her home after spending a few days with her sister, Mrs. J. Davis Robbins, Jr.

Mr. and Mrs. R. C. Owen returned Sunday morning from their wedding trip which included visits to a number of Northern cities.

Mrs. G. H. Skinner returned to her home in Bishopville, S. C. Sunday, after a visit to her sister, Mrs. J. Davis Robbins, Jr., No. 218 North Second street.

The Clyde Line steamship Navahoe arrived yesterday morning from New York with the following passenger list: Mr. and Mrs. J. M. Hall, Mrs. Johnson, Mr. J. A. Hall, Mr. and Mrs. L. LeClair, Mildred LeClair and Allen LeClair.

The Ladies' Aid Society of Fifth Street Methodist church will give an oyster and ice cream supper at the home of Mrs. W. Fleet, Fifth and Nun streets, this evening. All the members of the congregation and their friends are invited to attend.

Mr. and Mrs. Geo. B. Taylor, of New Haven, Conn., are guests of Mr. and Mrs. E. H. Munson, No. 319 Walnut street. Mrs. Taylor is pleasantly remembered by many friends in Wilmington as Miss Kate Osborne and will be most cordially welcomed by them.

Dr. B. J. Willingham returned to the city yesterday morning after spending a week in Richmond, Va., where he was called on by the illness of his father, Rev. Dr. R. J. Willingham. His many friends here will be glad to know that Dr. Willingham is now rapidly regaining his health.

The following from yesterday afternoon's Fayetteville Observer will be read with interest by many friends in Wilmington: "Mr. and Mrs. R. W. Herring have arrived in the city from their bridal tour in Western Carolina. They are for the present the guests of Mr. and Mrs. J. A. Oates, 406 St. James' Square. We welcome Mrs. Herring to Fayetteville."

The Lydia Yates Class of Grace Methodist church will conduct a sale of fancy articles and candy this afternoon from 4 to 6 o'clock at the residence of Mrs. Thos. E. Cooper, No. 208 North Fourth street. The proceeds will be used for a most worthy purpose, and all who wish to do something unique in the way of fancy articles are invited to attend the sale.

Master Allan Pharo Croom celebrated his second birthday at the home of his parents, Mr. and Mrs. J. A. Croom, on Market street, yesterday afternoon from 3 to 6 o'clock. Refreshments were served. Those present were Masters Robert Morris, James Peck, Edward Southernland, Hattie Misses Marguerite, Southernland, Dorothy Lacy, Catherine Lacy, Elizabeth Caldwell and Virginia Lide Keen.

The regular monthly meeting of the North Carolina Sorosis will be held Thursday afternoon at 4 o'clock in the club room in the Masonic Temple. As this is the last meeting of the Sorosis before the New Hanover Fine Arts and Industrial Exhibit it is very important that all members attend the meeting. The executive committee will meet at 3:30 o'clock, a half hour previous to the general meeting.

A box party and round table contest was given at Middle Sound Friday night and proved a most enjoyable affair. Much enthusiasm was shown in the contests. The prizes were won as follows: Phonics, first prize, James Thompson; second prize, Eloise Garrow; second reader, T. E. Thompson and Clarence Ennett. Spelling contest, first prize, Bessie Canady; second prize, Clayton Canady. Pretty girl contest, Miss Margaret Buxton, Middle Sound. The net proceeds amounted to \$31.85.

The Sunbeam Club, composed of pupils in Miss Mary L. Alderman's School, has decided to resume the publication of "The Sunbeam," the school magazine, which was discontinued a year or so ago. The students expect to make it a bright, new school organ, and it will be issued weekly. It will contain poems, essays, news articles and other interesting items, contributed by members of the school. The students have selected as editors Misses Eunice Tucker and Bessie Toon, and Messrs. George Frederick and William Evans. Mr. Martin Lettich is the business manager, and the advertising manager is Mr. Julian Canady. The local reporters will be Miss Elizabeth Westbrook and Messrs. Luther Toon and Worth Williams.

PERSONAL PARAGRAPHS.

—Jackson Greer, Esq., of Whiteville, was in the city yesterday on business.

—Brooke G. Empe, Esq., went to Southport yesterday afternoon on business.

—Mr. Fred E. Little, of Whiteville, was among the business visitors in the city yesterday.

JURORS DRAWN.

List of Those Drawn to Serve at December Term of Court.

At the meeting of the County Commissioners yesterday the following were drawn as jurors for the two weeks' term of Superior Court beginning December 1st:

First week—E. W. Manning, W. F. Siz, C. L. Knut, O. A. Mathew, F. Gorken, Boyd Parker, Clayton Es, Jr., R. A. Biddle, J. L. Solomon, R. Woodard, D. S. Grimes, J. T. nn, O. A. Farrow, T. N. Rowell, D. Smith, Ed Einstein, L. M. Will, Nathan Schloss, James King, R. Allen, Nash E. Bunting, M. W. ally, D. E. Bass, Martin Brun, Jr., Second week—W. J. Kerr, J. E. leon, C. W. Northcott, R. L. Wade, R. Michaux, F. L. Mills, L. E. Thomas, Geo. M. Millan, M. W. Jaco, B. T. W. Bartfield, Walter A. Penny, John R. Murchison, R. D. Hunter, Robt. L. Williams, W. E. Peterson, Oscar Buck, E. R. Clark, J. Thomas King.

Two fires Sunday Morning.

Two fire alarms were sent in Sunday morning, one of these coming in at 9:09 o'clock and the other two minutes later. The first was at No. 922 North Fifth street in a house owned by Alf Sullivan, and the second at No. 110 Wright street in a house occupied by W. A. Jenkins. The firemen responded promptly to both alarms, and the fires at both places were quickly extinguished. Sparks from the chimney set fire to the roof in both instances. Total losses about \$5.

LOCAL DOTS.

—On account of the sale of the schooner John Twoby, the steamer Ella will leave for Southport this morning at 10 o'clock, instead of 9:30 A. M., as usual.

—The British steamer Dacre Hill arrived yesterday light from Baltimore for cargo of cotton from Alexander Sprunt & Son.

—The schooner Geo. W. Truitt, Jr., from Jersey City and Statue Island, with a cargo of cement for the Seaboard Terminals, reached port Sunday.

—Steamer Kylehorn, British, sailed Sunday with a part miscellaneous cargo by Heede & Co. She goes by way of Savannah where she finishes loading before crossing the ocean.

—It was found yesterday that owing to the fact that Superior Court will be in session the Court House cannot be secured next week for the exercises in connection with the Corn Show. Farm Demonstrator Herring is now casting about for a suitable place.

—Mr. Geo. W. Pennington, the Pythian lecturer, who was heard last week, has written Capt. Thos. D. Herring of this city that he had two large audiences at Clayton, each numbering 350 people. The interest was fine and Mr. Pennington enjoyed his stay there.

—Charlie Walker and Herbert Coward, both colored, were arrested last night by Plainclothesman Frank George for being drunk and disorderly. Charlie Walker is also charged with holding a pistol in the city limits. They were placed in the city prison to await a hearing before the Recorder this morning.

VETERAN ANSWERS CALL.

Mr. W. J. Player Passed Away at Home of Daughter Here Sunday.

Friends in the city and in Pender county will be grieved to learn of the death of Mr. W. J. Player, which occurred at the home of his daughter, Mrs. Matron Hobbs, No. 134 Market street, Sunday afternoon at 4:15 o'clock. Death was due to apoplexy. He was a native of Pender county and was here on visit to his daughter. He was born December 20th, 1841, and was, therefore, in the 72nd year of his age.

When the Civil War began he was just 20 years old and enlisted promptly in the Southern army. He was courier for Gen. Whiting, who was in charge of the troops along the coast, and served faithfully throughout the entire struggle. Following the war he married Miss Elizabeth Herring, daughter of the late S. J. Herring, of Long Creek, and settled down on his plantation at Bannerman's Bridge. He was thrifty, and although he had a hard struggle he succeeded in accumulating considerable property.

Surviving him are three sons, Messrs. E. S. Player, of Jacksonville, Fla.; W. O. Player, of Darlington, S. C.; and Marcus Player, of Bishopville, S. C.; two daughters, Mrs. Bessie Murray, of Burgaw, and Mrs. Maude Hobbs, of this city.

GREAT DEMAND FOR COAL.

Continued Cool Weather Has Given the Fuel Man Fine Business.

For months the ice man has held full sway and reaped his harvest while the Summer sun beamed down and created a demand for his product, but his day has passed and the wood and coal dealers are now in their glory as the chilly winds blow and the first signs of real Winter are apparent. They have had more than they could do for the last few days answering calls for fuel, and the demand is increasing.

Notwithstanding the fact that prices on coal have advanced in several large Southern cities, notably Savannah, Ga., they remain the same here, the price for hard coal being \$7.50 a ton and for soft coal, \$6.50 a ton. But the local dealers say that they are expecting the prices to be higher as Pennsylvania has placed a tax on a score of 27 to 6. Features of the price on coal from that section about 10 cents a ton. However, this may not affect the local market materially as much of the coal marketed here comes from the coal fields of Virginia and Tennessee.

So far there has been no difficulty in getting the fuel of transportation, especially by schooners, but there has been some trouble in getting a cargo in some instances. No increase in freight rates is expected.

FINE CHORUS CHOIR.

Music at St. James' Church Sunday Night Especially Good.

A special feature of the services at St. James' church Sunday night was the singing of "The Temptation," by Hastings. St. James' choir won fresh laurels under the direction of the organist, Mr. McHenry McChord, their voices blending as one. From the processional hymn until the last strains of Stainer's "Seven-Fold Amen" faded away, the service was one of dignity and beauty, which will remain with the congregation for some time to come.

In the aria, "From the Fertile Hills of Jordan, Far Away," Mrs. Taylor was in her usual voice, which is always pleasing, and in the aria, "Gently the Spirit Leadeth Him, Bowed in Prayer," the organ seemed to bring forth the violin, cello and harp. Mr. Beery, bass, and Mr. Dushan, tenor, were well received.

Too much cannot be said of the chorus work of the choir, which was unusual. Mr. McChord, although young, is a wonderful organist, and always has perfect control over his singers.

Colonel Oast Stricken.

The Norfolk Virginia-Pilot of Sunday reports that Col. John W. Oast, United States supervising inspector of steam vessels for the Third District, is in a serious condition at St. Vincent's Hospital in Norfolk. At 4 o'clock Saturday afternoon while walking with Mrs. Oast he had a stroke of apoplexy and fell on Grant street in front of Lynnhaven Hotel, cutting a severe gash above his left temple when his head struck the pavement. An artery just above the temple was cut and the wound bled profusely. He was unconscious at last accounts. Col. Oast has often visited Wilmington for many years in his official capacity and he has many friends who sincerely hope for his recovery.

..Theatrical..

"The Trail of the Lonesome Pine" which comes to the Academy of Music next Monday night, is a virtue romance that in book form has been read by three millions and more of book lovers. Eugene Walter's dramatization is one that warms the blood and stirs the emotion. It is a story of romantic love with just a requisite tinge of the feudal spirit of the Virginia hills, to give it bubbling color. In the part of June the primitive, sweet, wild mountain maid, Miss Isabelle Owen has a role in which she will make a direct appeal to all those who have already met June in Mr. Fox's original story. The play is given in a magnificent production and its long runs at the Boston Theatre, and the New Amsterdam Theatre, New York, were marked by the largest receipts of late years.

Lubin Day at the Grand.

The Grand made a fine start of its new week yesterday. It had a big show which was received in most enthusiastic manner by big audiences. It will continue the good work by presenting another superb bill today, headed by Lubin's "The Invader," will still be blood. It is the story of an old squatter, upon whose land a mortgage is held by an old miser. There are several young people also mixed up in the plot, which adds to the interest. There are many thrilling incidents, including a house burning, and a fine cast will be seen. The principals who will appear will be Clarence Burton, Emma Bell, Chas. Williams, Edgar Jones and Chas. Lydell, each a well known and popular artist.

Selig has a great laugh film on today in "Bumps and Willie." It is a story of two heroes, and there's a laugh every second.

Another feature today is Pathe's "The Kaiser," setting for current events, such as the St. Louis fair, the Kaiser reviewing the German troops, the great cavalry demonstration made in Virginia a few weeks ago, an incident from a famous ball game, and other interesting and really historical incidents.

Four Films at Bijou.

Four great films, including a special two-reel release, in which two noted artists will appear in the star roles, will make up the superb bill at the popular Bijou today. It is one of the best ever and will undoubtedly please the immense audiences that will assemble at this amusement palace this afternoon and tonight. The same old price of admission, of course, holds forth, and the Bijou is just the comfortable spot this character of weather. It is the cozy place of the city, being as warm as a toad on chilly days, and yet the ventilation is perfect.

The special two-reel release today is a big Viagraph, "The Mystery of the Silver Skull," and it will appear in the company of the Maurice Costello and Miss Mary Charleson. These are two favorite artists and they will do some splendid dramatic work in this great film masterpiece.

There is also a great political film on today, dealing with a trust and corrupt legislator. It is "A Demand for Justice" and it throbs with excitement. It is truly a photoplay of the times.

"The Woman of the Mountains" is still another big triumph for today and a star cast will also appear in this great story.

Vaudeville at Academy.

Patrons of the Academy of Music this week will have an unusual treat in the all-star bill. The Howze Sisters, Nell and Fannie, two young and fascinating young ladies in song and dance and well known to audiences throughout the South, received rapt attention and sang delightfully. The Morton Sisters singing and dancing act was a great favorite with the audience. They are very clever dancers and wear beautiful costumes. Special mention should be made of the Scotch number. DuBarry and Leigh in a singing and dancing act have a great treat in store for the audience with a big surprise finish. DuBarry displays a very elaborate wardrobe. Miss Genevieve Grant rendered several operatic selections and received a generous and well merited applause. Change of programme on Thursday. Don't forget the Country Store Friday night.

WILMINGTON WAS WINNER.

High School Boys Win in Football Game at Kingston Saturday.

The Wilmington High School football team returned Sunday morning from Kingston after defeating the strong Kingston High School team by a score of 27 to 0. Features of the game were the line plunging of Thompson, breaking up of play by Hicks, short end runs of Hashagen, Capt. Thames' good work at tackle and Johnson's steady work at guard.

Wilmington made the first touchdown in the first quarter. Hashagen kicked the ball to the five yard line after a few line plunges. Thompson carried it over, and Wagner missed goal. In the second quarter Kuston made a fumble and Hicks kicked goal. The half ended 7 to 6 in favor of Kingston. Wilmington scored a touchdown in the third quarter and also one in the last 30 seconds of the game on a forward pass.

The line-up for Wilmington was as follows: Rhodes, center; Johnson and Hanby, guards; Hicks and Capt. Thames, tackle; Grant, right halfback and N. Silverman, left halfback; Hashagen, Hall and Wagner, half backs; Jones, quarter back; Thompson, full back; Nurnberger, substitute.

Dog's Grave Caused Excitement.

Some little excitement was created yesterday when someone at Wrightsville called up the police station to report that there was a newly-made grave in that vicinity which was unaccounted for. Sheriff Cowan was notified, and he in turn notified the health department. When Mr. H. L. Fennell heard of the mysterious grave he informed Sheriff Cowan and the police department that he had buried a dog in that vicinity Sunday.

THE FATNESS OF HEALTH.

Samose Fills Out the Curves and Makes Thin People Fat.

If you are thin, your health is not what it should be. If you are losing weight steadily, it is something wrong that should be attended to at once. You cannot be healthy and strong if you are thin.

Perfect health and good, solid beautiful flesh can only come through the use of Samose, the remarkable flesh-forming food.

Samose is not a drug or a stimulant. It is a scientific flesh-forming food that restores thin people to a normal condition of good healthy flesh.

These statements are confirmed by the J. Hicks Bunting Drug Co., offer to refund the money to any one buying and using Samose who does not gain in weight as promised. The risk is all theirs. The thin and scrawny can buy Samose at Druggist J. Hicks Bunting's store, with the knowledge that if it is not successful it will cost absolutely nothing.

(advertisement.)

THE RECORDER'S COURT.

William Howard, Colored, Given Road Sentence of 12 Months.

William Howard, colored, drank too much whiskey Sunday and thinking that he was a man of much importance in the community attempted to scare his associates into a state of proper humility by brandishing a pistol in various directions and shooting now and then just to show them that it was loaded. He was arrested and charged with disorderly conduct and carrying a concealed weapon. The Recorder thought that such a bully should be taught a lesson, and sent him to the county roads for 12 months.

As usual on a Monday morning the Recorder had to mete out justice to several colored men for beating their wives. William Walker, colored, came home drunk Sunday and things not being done as he thought they ought to be got into an altercation with his wife. Her sister was also present, and she tried to stop the fracas. In the midst of the "scrap" Isaac Hudson, colored, appeared on the scene and Walker left the women and chased Hudson, who ran as fast as he could. Walker ripped off a garden pail on the way, but was never able to catch Hudson. He was arrested on charges of assaulting a female, and also with assault on Hudson with a deadly weapon. The Recorder thought that six months on the roads was enough for the two offenses.

Robert Hicks, colored, came home Sunday afternoon under the influence of whiskey and promptly got into a dispute with his wife. He struck her with his fist, she said, and she had a warrant issued for his arrest.

HUERTA IS ORDERED TO RESIGN PRESIDENCY

(Continued from Page One.)

tration can be expressed in general terms, the course that is being pursued is subject to change with the shifting developments of each day and officials admit that daily different phases of the situation crop up which make it impossible to predict even their own course far in the future.

There is a disposition to handle the present diplomatic efforts by confining the discussion to informal parleys at Vera Cruz and Mexico City unembarrassed by the publication of any documents which in the Lind-Gambao correspondence drew into the negotiations the public opinion of both countries as an important factor. The intention, it is believed by many trained observers, is to conduct conversation and proposals in the most confidential manner until there are tangible developments. This, it is thought, accounts for the strict reticence that has been manifest in administration circles for many days.

Copes to Other Powers.

The reports from Mexico City, however, tonight were directly in line with a well-defined rumor current in official circles. It was reported in diplomatic circles, too, that copies of the ultimatum had been transmitted to all foreign governments by the United States in line with the policy of keeping them informed of every step taken in the Mexican situation. The ultimatum was generally regarded as the first step in the American program for which the United States had asked all nations to wait before they formulated any new policy toward Mexico. It was learned, too, that the Washington administration had indicated a desire to all foreign powers that any government which as a result of the elections of October 26th, should not be recognized until the United States has communicated its views on the situation.

All efforts to learn from administration officials what alternative course had been mapped out by them should Huerta refuse to acquiesce to the American demand were futile.

Lind Makes Report.

Washington, Nov. 3.—Reports from John Lind, concerning his visit to Vera Cruz, German and Norwegian ministers to Mexico, conveyed the impression to President Wilson today that there was a disposition on the part of these diplomats to co-operate with the United States in plans for solving the Mexican situation.

No announcement was made here as to future policy. Administration officials did take occasion, however, to say that published stories forecasting armed intervention were not justified at this time, that there was nothing in the situation so far as the Washington administration was concerned to warrant such a course.

The arrival of Roberto V. Pesquera, an emissary from General Carranza, the Constitutional chief, raised the question of whether the Washington government would receive representations from the Constitutionalists.

President Wilson made it clear that officials should not receive any formal representations, but in some way or other the information which the Constitutionalists desire to lay before the American government would be received.

Approve Policy.

A declaration that the policy of the administration would meet the approval of the American Congress and the American people was made in the Senate today by Chairman Bacon, of the Foreign Relations Committee.

Senator Bacon was speaking of a letter read into the record by Senator Bristow who said he had received it from "a friend of 30 years' standing" in Mexico. The writer urged that the United States keep hands off and allow Mexican factions to fight out their differences, condemned the neutrality policy which "leaves the American soldiers on the Mexican border," and declared that if the United States intervened by military force it would mean "the conquest and the acquisition of Mexican territory by the loss of hundreds of lives and hundreds of millions of money."

Diaz at Havana.

Havana, Nov. 3.—Gen. Felix Diaz, a fugitive from Mexico, arrived here today aboard the steamer Esmeralda. He was transferred from the United States battleship Michigan to the Esperanza off the Mexican coast during rough weather, in a life boat. He was accompanied by Jose Bonifacio Sandoval, an attorney and Cecile L. Oen, both of whom were refugees from the American warship. An American newspaper correspondent, Alexander J. Williams, who was with Gen. Diaz at the time of his flight to the battleship Louisiana at Vera Cruz, was also aboard the Esperanza.

Gen. Diaz recounted some of the incidents from the time of his arrival at Vera Cruz on the steamer Corvoado until his departure from Mexico. Many of his followers were registered as guests at the hotel where he had apartments, but 36 out of 40 were placed under arrest by the Federal authorities. He was afraid of falling into Gen. Huerta's hands and so made a midnight escape from the hotel.

FOUR INJURED IN WRECK.

Train Hits Open Switch and Goes Into Ditch.

Bristol, Va., Nov. 3.—Four persons were injured when a Virginia & Southwestern Railway passenger train ran into an open switch near Elizabethton, Tenn., at 9:15 o'clock this morning. Thomas Eads, a fireman, was injured about the back and breast, while among the passengers Mrs. J. T. Johnson, of Norton, Va., James Stout, of Knoxville, Tenn., and William Peyton, the latter a 12-year-old boy, whose home is at Clinton, Ind., were seriously but not dangerously injured.

Dr. Hale's Condition Improves.

His many friends in Wilmington will be glad to learn that Rev. Dr. Fred D. Hale, former pastor of the First Baptist church, who has been critically ill at a sanitarium at Hot Springs, Ark., is much better, and his physicians express bright hopes of his early recovery. His son, Mr. I. W. Hale, who is with him, expects to leave for Wilmington tomorrow.

NEW HOME SOON READY.

Cape Fear Club to Move Into Handson Street.

Within a few days the handsome new home of the Cape Fear Club, corner of Chesnut and Second streets, will be completed and ready for occupancy. The present quarters of the club on Front street have been sold to make room for a handsome new ten-story office building which will be erected by the Merchants National bank. The club will move into its new home just as soon as the finishing touches are made which will be in a short time.

No expense has been spared in making the new home of the club as complete, convenient and comfortable as possible. It will cost about \$65,000 in addition to the amount paid for the site. The building is of brick and stone, and is patterned after the Colonial style of architecture. It has two stories with a basement. The entrances are from Chesnut street on the northern side and from Second street on the southern side. On the west and southern sides are long commodious verandas with large white columns.

From second street one first enters the lobby which is a large room to be fitted up with comfortable furniture and fixtures. From this room one next enters the main room to the right which is the main dining room, and to the left the cafe and governor's room. There is also a visitors' reception room. In the rear is the pantry and kitchen. On the second floor is the billiard room, ladies' reception and dressing rooms, library, two private rooms and bath room. In the basement is the furnace, cold storage rooms, servants' quarters and other apartments.

The whole is beautifully decorated, and will be fitted up with the most modern furniture and fixtures of all kinds.

SATURDAY NIGHT SOCIAL.

Secretary Huntington, of Y. M. C. A., Announces New Feature.

A Saturday night social at the Y. M. C. A. is one of many features which Secretary Huntington will provide for the young men of the city. These occasions will be entirely informal and there will be both instruction and recreation. He is planning to have leading professional and business men of the city make short educational addresses. He is expecting this to be one of the most attractive of the many social features of the work of the association. All of these features are designed to promote the good fellowship of the members and to aid in the general welfare of the young men of the city.

The Fellowship supper and Bible Study Club last night took up regular work. One new feature, the adoption of a new song, entitled "Hide God's Work in Your Heart," proved inspiring. This song will be used as the theme for the entire Bible Study department.

All classes in the gymnasium showed marked increase and plans have been outlined for the organization of a basketball league. The Senior night class will meet Friday night for organization.

The annual meeting of directors will be in regular monthly session. Reports of all committee will be read and work for the winter outlined.

COMMITTEE TO PHILADELPHIA.

Engagement With Baseball Club Arranged for Saturday.

Mr. John W. Blomne yesterday received a telegram from Mr. Wm. A. Baker, president of the Philadelphia Nationals, stating the club would be pleased to meet a committee from Wilmington to urge the acceptance of this city as the place for the training ground, Saturday afternoon of this week at 2 o'clock. The meeting will be held in the office of the club at No. 1124 Stook Exchange Building. A meeting of those interested in getting the team to train here will meet in the Mayor's office tomorrow evening at 8 o'clock at which time the committee to leave here Friday will be named. Messrs. Blomne and C. E. Greenamyer were appointed as a committee to go last week, but could not get away at the time appointed and, besides, no definite engagement had been arranged at that time with the Philadelphia club. Mr. Greenamyer was in Philadelphia yesterday on business and expected to see Mr. Baker.

PRELIMINARY WORK BEGUN.

Borings Started Yesterday to Locate Bedrock for New Building.

Borings were started yesterday to ascertain the depth at which a rock foundation for the new banking and office building which the Merchants National Bank will erect on the site of the Cape Fear Club building, corner Front and Chesnut streets. As soon as it is found how much excavation will be necessary to be made before rock will be struck, the plans and specifications will be made out for the guidance of builders and contractors in making bids for the construction of the handsome ten-story building.

The Cape Fear Club expects to vacate its building within the next few days, and the present building on the site will be removed very soon. It is expected that the new building, which will be one of the best in the State, will be ready for occupancy by October 1st, 1914.

SPLENDID PROGRESS MADE.

Many Subscribe Stock Yesterday in New Local Steamship Company.

Active work was continued yesterday in obtaining subscriptions to the stock of the Southern Steamship Company by Capt. M. L. Gilbert and the committee which has charge of the organization of the new corporation, and the progress was reported. Application for a charter for the new company which will operate a line of steamers from Wilmington to Northern ports, was made yesterday to the Secretary of State Saturday, and the papers of incorporation are expected to arrive today. It is likely that a meeting of the stockholders will be held tomorrow for the purpose of electing officers for the new corporation. It will have a capital stock of \$125,000, and will operate three freight steamers to Baltimore and New York.

OVERDOSE OF MEDICINE.

Caused Death of Young Daughter of Mr. and Mrs. L. D. Baker.

Friends will sympathize tenderly with Mr. and Mrs. L. D. Baker, who live at No. 1002 North Sixth street, in the loss of their young daughter, Nettie Pearl, who occurred near midnight Sunday night. The little one was suffering with bronchitis, and Dr. Hale was called to see her. He prescribed a cough medicine and gave directions that ten drops should be taken as a dose. Unfortunately the parents read the directions, which had been written by the druggist, as 60 drops. Dr. Hale stated that death was due to an overdose of the medicine with bronchitis as a contributing cause. The funeral will be held this afternoon at 2 o'clock from the residence.

WORSHIP IN NEW CHURCH.

Members of Southside Baptist Church Held Service in New Building.

For the first time the members of the congregation of Southside Baptist church held services in their new church building, corner Front and Second streets. The services were held in the basement of the new structure as the auditorium is not yet completed. Large congregations attended the services Sunday morning and again Sunday night which were conducted by the pastor, Rev. W. G. Hall. Sunday School was also held in the new building, and there was a large number of young people in attendance. It is not expected that the church, which will be a most handsome structure, will be completed before early spring, and in the meantime the congregation will have their services in the basement of the church.

OFFICERS ELECTED.

Regular Monthly Meeting Last Night of the Boys' Brigade.

The regular monthly meeting of the members of the Boys' Brigade was held last night with almost a complete attendance. The Bible Class was held by Dr. J. H. Wells which was attended by about 75 men which is about the record attendance for men's Bible classes here.

After the Bible class the regular business session was opened with Vice President Gore in the chair. J. A. Price, treasurer, and Col. Walker Taylor have been elected supervisors. Three new members were added to the roll. An election of officers for the ensuing year was held and Mr. F. L. Z. Cope was elected president; J. Henry Gerdes, vice president; J. A. Price, treasurer, and B. F. King, Jr., recording secretary.

MEMORIAL WINDOW.

Presented to First Presbyterian Church Sunday Morning.

In behalf of the children of the late Basil and Mary Elizabeth Carter, both worth, Mr. B. F. Hall Sunday morning presented to the members of the congregation of the First Presbyterian church a beautiful memorial window which has been placed in the church in loving memory of their parents. The window has an inspiring if any of "Perseus Slays the Monster" and both the color work and design is especially striking. At the bottom is contained the following inscription: "To the glory of God and in loving memory of Basil and Mary Elizabeth Carter, by their children, who rise up and call them blessed."

Reserved Seat Tickets.

The sale of reserved seats for the Boys' Brigade Lyceum Course opens this morning at the Merchants National Bank, and it promises to be a rush season as the patrons of this course seem to appreciate the accommodation. The Boys' Brigade Lyceum Course is a series of lectures and plays for them to reach the hall early to get a good seat. Only about 12 single seats remain for the course. This entertainment as the entire number for the season has been sold and standing room will be at a premium if any more are desired. The opening number is to be an especially good entertainment also which will assure a full house. Every seat is expected to be occupied tomorrow night. The entertainment will be given at 8:30 and all those who will attend are requested to be in their seats by the time as nobody will be admitted during the rendition of any number or encore.

ARRESTED FOR BLACKMAIL.

Home of Man Blown Up With Dynamite.

Oeden, Utah, Nov. 3.—Myron A. Smith, a railroad engineer, was arrested this afternoon by Federal officers on complaint of L. A. McGee, postoffice inspector, and held to answer to the charge of blackmailing Mrs. Ralph Smith through a letter sent on April 2nd and attempting to blackmail David C. Eccles by a letter sent on October 1st.

Blackmailers obtained \$500 from Mrs. Bristol and Eccles was asked for \$1,000. The home of Leroy Eccles, a relative, was dynamited last Sunday morning. The conspiracy of blackmailers. Ball was fixed at \$5,000.

ARRANGE MERGER.

Two Large Traction Companies in Illinois May Combine.

St. Louis, Nov. 3.—Arrangements for a merger between the Illinois System and the Western Railways and Light Company, both public utilities corporations, and both operating in Illinois, were announced tonight by the board of directors of the Illinois Traction System.

The two companies have practically identical management and principles are identical. The consolidation is announced, will be affected primarily for the sake of economy.

STEAMER MISSING.

Displayed Distress Signals Off Florida Coast—Could Not Be Found.

Key West, Nov. 3.—The steamer Paragay, which had been received tonight from the revenue cutter Miami, which early today set out in search of the steamer Anahua, reported in distress off New Inlet.

Reports that the Anahua was displaying distress signals were wired to Key West by the revenue cutter Paragay. Two other steamers in the vicinity reported by wireless today that they had not sighted the Anahua.

FIGHT AT PIEDMONT.

One Dead and Another Dying as Reported by Post Office.

Piedmont, S. C., Nov. 3.—Span Allison died at noon today, and Street Allison is believed to be dying tonight, as he is being nursed by his mother. They were in a shooting affray here yesterday. T. Gilbert, Ford Spring, and John Allison are under arrest. The shooting occurred at Gilbert's home. The cause of the quarrel has not been learned.

Magical Effect of New Face Peeler.

(Woman's National Journal.)

To maintain a clear, rosy, youthful complexion, there's nothing so simple to use as yet so effective as ordinary mercurized wax, which you can get at any drugstore. Just apply the wax in the morning wash it off with warm water. If you never tried it you can't imagine the magical effect of this harmless home treatment. The wax causes the worn-out skin to come off in minute particles, a little at a time, and you have entirely shed the offensive particles. The fresh young undergrowth is evidence in so healthy and girlish complexion, so free from any appearance of artificiality, you will have heard of this marvelous complexion-renewing secret long before you read this.

To get rid of your wrinkles, here's a formula that is wonderfully effective: 1 oz. mercurized wax, dissolved in 2 oz. of warm water. Bathe the face in this and you will be amazingly satisfied at the results, even after the first trial.
